

Parent PLUS Loan Pre-Approval is only a click away at www.opennet.salliemae.com

Sallie Mae's PLUS Loan pre-approval process simplifies borrowing for school by determining a borrower's loan eligibility. Parents can apply two ways: either by calling Parent Answer Service* at 1-800-891-1410, or by visiting Sallie Mae online.

To apply online:

1. Go to **opennet.salliemae.com**
2. Click *Borrower Login*
3. Select State: *Florida*
4. Select School: *Hillsborough Community College*
5. Click *Submit*
6. Login using your OpenNet User ID and Password.
Note: First time users must create a new account
7. Click *Complete a Loan Application*
8. Follow the prompts to complete the application, when requested, select the lender from the drop-down box.

During the application process, you will be prompted to use the E-Signature process. This process allows you to sign your application electronically, which speeds up and simplifies the processing of your application. If using the E-Signature process, be sure to print a copy of the PLUS application/MPN for your records. Please call 1-888-2-SALLIE (272-5543) if you need assistance.

Whether you complete the application online or over the phone, you can get a pre-approval and Sallie Mae will send you an application, which you will sign and return directly to Sallie Mae. Sallie Mae then notifies Hillsborough Community College that you have applied and the school will transmit your certification to Sallie Mae.
