

SouthShore Campus Advisory Council
Meeting Highlights
November 2, 2009

- SouthShore is growing! Dr. Witt reported that Spring enrollments at this campus are growing at a faster rate than the 2009 Fall Term.
- Dr. Hardesty reported that our first Nursing cohort will start in 2010 Spring. Our campus will also be offering connections courses and one credit hour courses.
- We have outgrown our space and will be getting portables later this month to accommodate this growth. The portable classrooms will hold 30 people and should be ready for the Spring semester.
- SouthShore will be getting a new Academic Dean in January. A selection has been made and will be presented to the Board at the December meeting.
- The selection for a full-time math faculty member will be made later this month and presented to the Board at the December meeting.
- HCC is in the process of selecting a Learning Management System. Floyd Ballard has encouraged each of us to compare the options when they are made available next month. We should also communicate our thoughts to John Ball, the chair of the LMS committee.
- Students, staff, and faculty will now have another way to voice concerns or make suggestions. The CAC is in the process of opening an online suggestion box. Until then, please feel free to email any CAC member and/or attend our monthly meetings.

Our next CAC meeting will be held on Monday November 30, 2009.
RM. 222D
1:00pm – 2:30pm

We look forward to seeing you.
