## Community College

### **Associate in Arts Degree (University Transfer Program)**

Hillsborough Community College (HCC) offers the associate in arts (AA) degree to meet the requirements for a student to transfer to the upper division level of a college or university to continue to work toward a bachelor's degree. HCC prepares students for hundreds of possible transfer majors, each of which has a distinct listing of common prerequisite courses designated by the Florida University System. To earn an AA degree, students must complete a minimum of 60 credit hours. The list of AA areas of emphasis (pre-majors) offered at HCC includes: Agriculture, Architecture, Art, Building Construction, Business Administration, Computer Information Systems, Computer Science (Engineering), Dance, Dramatic Arts, Education and Teacher Preparation, Engineering, Graphic Design, Hospitality Administration Management, Liberal Arts and Sciences (General Studies), Mass Communications, Medical Science, Music, and Pharmacy.

### **Associate in Science Degree/**

### **Associate in Applied Science Degree (Career Programs)**

HCC offers associate in science (AS) degree or an associate in applied science (AAS) degrees in areas designed to prepare students for employment. If students are interested in a specialized college program to prepare them for a job in business or industry, one of these degrees may be the right choice. The list of AS and AAS programs offered at HCC includes: Accounting, Aquaculture, Architectural Design and Construction, Business Administration, Computer Engineering, Computer Information Administrator, Computer Programming, Construction Management, Counseling and Human Services, Criminal Justice, Culinary Management, Database Technology, Dental Hygiene, Diagnostic Medical Sonography Technology, Dietetic Technician, Digital Media/Multimedia, Digital Television and Media Production, Early Childhood Management, Electronics Engineering, Emergency Medical Services, Engineering, Environmental Science, Fire Science, Hospitality and Tourism Management, Industrial Management, Information Technology Security, Internet Services, Network Administrator, Nuclear Medicine Technology, Nursing, Office Administration, Optical Management, Opticianry, Paralegal Studies (Legal Assisting), Radiation Therapy, Radiography, Respiratory Care, Restaurant Management, Sign Language Interpretation, and Veterinary Technology.
