## **COUNSELING SERVICES**

Professional counselors are available to help students with career decision-making, academic planning, and personal growth. Counselors help provide direction to and monitor the progress of students who are on academic probation and those who have been previously academically suspended or dismissed. All information students share with counselors is treated with strict confidentiality.

In addition to short-term individual and group counseling, counselors offer seminars and workshops on study skills, time management, interpersonal skills, test anxiety reduction, and career exploration. All counseling services are free to students.

If students would like to meet with a counselor, call or stop by an HCC counseling office. Students will either be seen on a walk-in basis or given an appointment for a time in the immediate future.

## **DISABILITY SERVICES**

HCC makes every effort to help students with disabilities get the most out of attending college by providing reasonable accommodations to ensure access to all academic programs, campus organizations, services and activities, in accordance with the Americans with Disabilities Act (ADA) of 1990.

All HCC activities, organizations, courses and academic and technical programs are open to students with disabling conditions.

HCC facilities are, as a whole, accessible to persons with physical disabilities via ramps, automatic entrances, and elevators. Accessible restroom facilities, parking spaces, telephones and water fountains are also available.

### **How to Apply**

A student or prospective student wishing academic accommodations must self-identify and provide appropriate documentation of their disability to the Office of Services for Students with Disabilities. Students should contact an HCC Coordinator of Services for Students with Disabilities to discuss documentation guidelines.
