

Program Codes

Please consult the HCC catalog and the Academic Advising Office at the campus you will attend for program and course details. The program codes are indicated to the right of each program title, and should be used in completing your application for admission and for registration.

Associate in Arts Degree

The Associate in Arts degree is designed to transfer to senior universities. It is protected by the Articulation Agreement among all public Florida institutions of higher education. A student who is awarded an Associate in Arts degree by Hillsborough Community College has met the general education requirements for admission to the upper division of public universities. Students who intend to transfer to a four-year college should follow the appropriate HCC university transfer major compatible with that college's program. The following codes should be used to indicate areas of interest prior to graduation.

College Credit Certificate and Applied Technology Diploma

A College Credit Certificate is awarded for programs of less than two years in selected technical areas. Each of the certificate programs is designed to prepare students for entry into a particular field, or to upgrade skills in the field. After completing a certificate program, many students continue studying their specific area and complete requirements for an Associate in Science degree.
