

PROVIDER APPROVAL AND COURSE SUBMISSIONS

The Florida Department of Financial Services, Division of Insurance, Bureau of Agent and Agency Licensing has implemented a new Education Approval, tracking and Compliance Technology System. The Department has designed this system with the goal of streamlining and automating the entire education process. The system is intended to be paperless. All provider, course, course offering, school official/supervising instructor, roster, and instructor applications are submitted and processed via the Internet.

This system became operational on December 16, 2002
