HILLSBOROUGH COUNTY PUBLIC SCHOOLS CAREER, TECHNICAL and ADULT EDUCATION

ARTICULATION AGREEMENT HILLSBOROUGH COUNTY PROGRAMS OF STUDY PARTNERSHIP

 Hillsborough Technical Colleges agree to meet the teaching objectives for each of the credited courses that Hillsborough Community College does for:

ETI2941, Industrial Management Practicum

 Hillsborough Technical Colleges agree to use the following textbooks for the Articulated Courses and not to change textbooks without the prior written permission of the Industrial Management Technology Program Manager:

Practical Problems in Mathematics for Welders, 6th ed., 9781111313593 Modern Welding, 11th ed., 9781605257952

The articulating agency will annually review the contents of the curriculum and the qualifications of teachers employed by Hillsborough County Public Schools. The purpose of the review is to verify that competencies are being taught and are equivalent to the postsecondary institution's course(s) which has been designated as equivalent and for which college credit is being offered.

This articulation agreement for the 30 credit(s) toward the *Hillsborough Community College Industrial Management Technology Degree* is effective upon final signature of both institutions' representatives, and will be reviewed five years from this date. This agreement may be terminated by either party upon 60 days written notice.

Signatures below indicate endorsement and attestation of this agreement.

Industry Certification/Credential/PSAV to AS Industrial Management Credit Articulation Identification Form

AS Degree Name: Industrial Management Technology CIP Number: 1652020501

Industry Certification/Credential/PSAV: Welding Technology

College Credit: According to State of Florida's Curriculum Frameworks (http://www.fldoe.org/academics/career-adult-edu/career-tech-edu/curriculum-frameworks/2017-18-frameworks/manufacturing.stml), the purpose of the AS Degree in Industrial Management Technology is to:

...offer a sequence of courses that provides coherent and rigorous content aligned with challenging academic standards and relevant technical knowledge and skills needed to prepare for further education and careers in the manufacturing career cluster; provides technical skill proficiency, and includes competency-based applied learning that contributes to the academic knowledge, higher-order reasoning and problem-solving skills, work attitudes, general employability skills, technical skills, and occupation-specific skills, and knowledge of all aspects of the manufacturing career cluster.

The State Curriculum Framework goes on in the Special Notes section to state:

Students may provide valid evidence of technical or industrial competencies as specified in the curriculum frameworks of an accredited postsecondary adult or postsecondary vocational institution. Students may also provide valid evidence of acquired skills through portfolios, documented work history, and registered apprenticeship programs that meet program outcomes as determined by the college.

Industrial elective credits may also be awarded based on the type of program, length of program, certifications or licenses awarded under articulation agreements between PSAV program schools and/or industrial/technical license articulation agreements.

Industrial elective credits may also be satisfied by the completion of special courses and certificate programs offered by the college specified in the elective section of the college's degree plan.

The purpose of this form is to document the validation of acceptable forms of evidence of the students' *technical or industrial competencies* and/or *acquired skills* that meet program outcomes.

The number of college credits awarded by the articulation agreement is determined by HCC faculty's assessment of the certification/credential/PSAV. A minimum of 30 clock hours of training or work experience will be required for every college credit awarded to a maximum of 30 credit hours. The 30 to 1 clock hour conversion is based on the guidelines for state reporting and FLDOE unit definition of a clock hour.

Validation Mechanism: To be eligible for articulation, the student must show evidence of their current <u>Welding Technology</u> certification/credential and it must have been issued within three (3) years prior to their enrollment in the program.

Rationale/Justification: <u>Welding Technology</u> certification represents industry acknowledgement of technical skill attainment of competencies in the AS in Industrial Management Technology program. HCC faculty reviewed the following:

X State Curriculum Frameworks	
X Course Syllabi	
Course Exams	
X Course Scope and Sequence	
X Textbooks/Course Materials	
Other	

The <u>Welding Technology</u> certification/credential will serve as equivalent substitutions for the HCC courses identified below.
