**Jane’s annual wellness exam results in her first diagnosis of cancer and she is told she needs surgery.**

She gets a second surgical opinion and undergoes pre-op testing.

She is admitted to the hospital, undergoes inpatient surgery, anesthesia, private nursing, and is visited by a doctor during a 3-day hospital stay.

Every 2 weeks she has radiation/chemo 120 miles from her home and a family member drives her to her appointments.

Our cancer insurance policy paid Jane the following:
