Timeline/Other Considerations

Faculty who anticipate teaching IDS 2110 will complete the Course Section Proposal Form (attached) and submit it to the appropriate dean. Prior to the beginning of the semester in which the course is taught, instructors will receive student essay assignments and evaluation form, both to be completed and submitted to the College Assessment Panel within two weeks of the conclusion of the course.

The more thoughtful and thorough evaluations are, the more meaningful they will be as guidelines for improvements to the general education curriculum. Faculty should make every effort to submit required materials in a timely manner. A detailed discussion of the assessment process and the College Assessment Panel is available for review.
