Snook  Trout  Red Fish

1st Place: Longest Fish of Species
2nd Place: 2nd Longest
3rd Place: 3rd Longest
Grand Slam: Largest Total of the Three Fish
In 2006, HCC purchased a 22-acre site, located at 5610 E. Columbus Drive, previously used by a trucking and refrigeration storage company. HCC invested over $10.2 million to convert it into a state-of-the art workforce training center known officially as the “Ybor City Campus Training Center.”

In 2015, fifteen workforce students received a total of $20,000 in scholarships that were funded by the Hawks, Line and Sinker Fishing Tournament. The scholarships were used to pay for summer tuition and fees that are not covered by financial aid. This assistance allowed students to continue their education and move closer to completion of their training program.

Why Workforce Training Matters to the Tampa Bay Area:
Workforce development training is a fast track to a future! Most courses require less than two years to complete, awarding graduates with an Industry Certification in high-demand fields. Workforce development training provides highly skilled employees for high-wage jobs and every dollar invested in education at HCC yields residents of Florida a cumulative $26.20 in benefits.

HCC Workforce Programs include:
- Auto Body Repair & Refinishing
- Automotive Services Technician
- Fire Fighting Academy
- Police Academy
- Welding Technology
