The Career Center

Career Exploration Assistance: We can assist those who haven’t decided on a major. Assessments and research materials are available from our Career Library and we have many on-line resources. For those who want to learn more about a career, we have resources that can give salary information, future outlook, education requirements and so much more!

Job Preparation: We will critique resumes. Don’t have a resume? We have software available and of course, we are here to help! Have an interview? We can talk to you about the basics, plus a whole lot more. Want to do a mock interview? Absolutely, we will be able to help you prepare for that job interview every step of the way. We also offer workshops on various subject matter like, How to Create a Resume, Interview Skills, Dress for Success, etc.

Employment: We have an on-line job board called College Central Network for our students and alumni. All types of positions are posted by employers from around our community. Employers post daily, full-time, part-time, volunteer and internship opportunities. We will also have employers visit throughout the term and we offer a job fair every April.

Great stuff, right? Have I made you curious? Come on by for a visit.

We are located in the Student Services Building, Room 202.
