NEW CLASSES AT SOUTHSHORE FOR SPRING 2011

ACCOUNTING!
ACG 2021 - 11936 Financial Accounting
ACG 2071 - 11937 Managerial Accounting

BUSINESS!
FIN 1100 - 09274 - Personal Finance
GEB 1214 - 11984 - Business Communications & Technology
MAR 1011 - 12146 - Principles of Marketing

COMPUTER SCIENCE!
CGS 1000 - 11954 - Online
CGS 1000 - 11955 - Online
CGS 1555 - 11957 - Intro. to Internet
CTS 1305 - 12039 - Intro. to Networking

EARLY CHILDHOOD EDUCATION!
EEC 1308 - 12147 - Enhancing Intellectual Development
EEC 1401 - 12148 - Family & Early Childhood

EDUCATION!
EDF 1005 - 08849 - Intro. to the Teaching Profession
EDF 2085 - 12149 - Intro. to Diversity for Educators
EME 2040 - 08876 - Intro. to Technology for Educators

ENGLISH FOR ACADEMIC PURPOSES!
EAP 0100 – 12203 – Speech & Listening I

GERONTOLOGY!
GEY 8000 – 12261 – Cultural Competence/Communication
GEY 8004 – 12262 – Grief & Loss in Later Years
GEY 8005 – 12263 – Depression: Recognition & Treatment

MATHEMATICS!
MGF 1107 – 11996 Math for Liberal Arts

MEDICAL CODING!
HIM 1433 – 12150 – Principles of Disease
HIM 1453 – 12151 – Anatomy/Physiology for Medical Coding
HIM 2222 – 12157 – Basic ICD-9 CM Coding
HIM 2253 – 12158 – Basic CPT Coding
HSC 1531 – 12152 – Medical Terminology

NEW CAPSTONE COURSE!
IDS 2110 – 09447 – Connections: Environmental Poetry

POLITICAL SCIENCE!
POS 1001 – 12003 – Intro. to Political Science

RELIGION!
REL 1240 – 12014 – New Testament

Please submit all announcements and information for the newsletter to jwillman2@hccfl.edu or tnicolaides@hccfl.edu no later than the 25th of each month. Thank you for your support and contributions. Janet Willman and Thea Nicolaides, Editors.
From its inception, the SouthShore Campus was designed to be environmentally conscious. No cost was spared to design our building and grounds to be environmentally friendly. A major effort is now underway around the campus to take this commitment one step further by taking recycling seriously! The Phi Theta Kappa Honor Society has teamed up with the campus administration and facilities department to make sure that there are appropriate trash cans and recycle bins in all classrooms, offices, and public areas. Throughout the Fall semester, Phi Theta Kappa students took inventory, ordered additional bins, and comprehensively and strategically placed them throughout the campus. Now that everything is in place, it is time for the faculty, staff and students to start doing their part to make sure SouthShore remains true to its commitment to environmental sustainability and be a recycling leader in our community.

Our campus now has “single stream” recycling, which means sorting different types of recyclables is no longer necessary. Paper, plastics, cans, etc. can all be placed in the same recycle bin. However, it is important to make sure that non-recyclable trash is not placed in the recycle bins. Our campus is charged hefty fines for this! Together we can make recycling work! For a more detailed description of single stream recycling, take a look at the green and white posters located all over campus. To learn more about Phi Theta Kappa, please contact one of our faculty advisors: Prof. Karen Boosinger or Dr. Craig Hardesty.

Dr. Craig Hardesty and Professor Matt Williamson at the “Old State House” in Boston.

Two-thirds of the SouthShore mathematics department was represented this year at the national conference of the American Mathematical Association of Two-Year Colleges. The conference was held from November 11-14 in Boston, Massachusetts and is a chance for community college math professors from all over the country to gather and share innovative teaching, research and other best practices. This was Dr. Hardesty’s sixth time attending the AMATYC Conference. This year he served as both a session presider and presenter. He was joined by Professor Williamson who was attending for the first time.

The campus will be closed for Winter Break from 12/15 – 01/09
