I teach [write subject(s)]:

See Attached.
I would tell you my name but I want to remain anonymous! We have a great library and great librarians!

The library staff is always extremely helpful. If they do not have some information, they do their best to obtain it. Great Job.

No time with the classes and my subject doesn't lend itself to the students using the library. We have little time as it is to cover the required material and with holidays we have 2 fewer classes per term.

All the books that I need for teaching purposes are in my Department. The courses that I teach are low level Math courses. I have a full schedule which implies my time is limited.

I am only on campus to teach one night class. My students complete their work through practice in their books and occasional tests.

In an ideal world, [I] would like to see library open on Saturday. Would like to [have] textbooks on reserve for every course at Ybor due to some students never coming up with the money for books. Would like to see all non-fiction NYT [New York Times] books in library collection as well as some others, but I haven't had time to look to be sure.

I hardly ever use the library services but when I do I'm very satisfied.

Even though I do not use the library services, my students are very satisfied with staff availability and hours of operation.

Not familiar with services.

Ybor has great librarians who go out of their way to help faculty and students!

Open on Saturday at all locations, open longer and separate part time faculty work area.

Other than advising students to use library to research speeches, [library] not needed for class.
While I don't use the library often, I am always impressed by the knowledge, courtesy, and availability of the staff. You are a tremendous resource.

Better knowledge and comprehension of English language needed by staff.

What I have used I am very satisfied with. Items checked "0" indicate areas I have not used and therefore cannot comment on.

Audio visual collection getting much better. Thank You!

Haven't needed your services yet!

Once I have time to increase my familiarity with the library I hope to incorporate it more in my courses. Alicia and Jeneice are just terriffic! The Best!

We have two of the best librarians in Florida.

As an EAP instructor, I would love more library resources, such as books geared for EAP students, professional development books for instructors, and audio tapes to use supplementally in our Speech and Listening classes. Thank you!

Since I am not using library, my evaluation shouldn't be correct. Thank you.

As a member of the part-time staff, I come to class, teach, and learn. I have not logged in to the Library web site. I have had the Library Staff do an "Orientation" for my CSS classes and they have done a wonderful job.

Staff has been extremely helpful and always courteous. They make it a pleasure to use library resources!

Thank you for allowing our classes to utilize the library. The adjunct instructors appreciate your patience!

Book and AV collections are in the process of being developed. Dissatisfaction is not the Library's fault but rather a time and budget problem. It takes several years to develop a significant book collection.

The staff are so pleasant and have great rapport with students. I was most welcomed as a new instructor and I was assisted promptly!
