Final Exams

05/06 @ 2:00pm
Graduation
Florida State Fairgrounds—Expo Hall

05/16
Summer classes begin

05/30—Memorial Day
Campus closed

Phi Theta Kappa has been very busy this month! They planted a reflective garden on the western edge of campus which will be dedicated on May 2 by Dr. Witt. They held our first ever campus induction ceremony for the Beta Sigma Alpha chapter on April 16. They inducted 25 new members. Phi Theta Kappa celebrated Earth Day on April 21st with a recycling information table in the courtyard where mouse pads and pencils made from recyclable materials were given away. They continued the celebration on April 22 with a campus clean-up.
Dr. Hardesty received a Catalyst Award for Exemplary Course Design from Blackboard for my MAC 1105 College Algebra online course. There are approximately 10 of these awards given by Blackboard worldwide each year. Dr. Hardesty will present a workshop and poster session of this course at the Blackboard conference in Las Vegas this July.

Please welcome Seema Martinez to the SouthShore family. Seema will become the new face of SouthShore as she works the front desk in Student Services, and almost everyone that comes to the campus goes there first. She is a Ruskin resident and is joining us after several years at USF. She has been with us for a little more than a week and has already proven herself to be a welcome addition.

Please take a moment to stop by and welcome her to the campus.
