Special Plan Provisions

Important Information Regarding CIGNA Care Network

In order to receive a higher level of In-Network benefits, you should be sure to verify that your Specialist Physician has been designated a CIGNA Care Network Provider.

Provider designations are assessed and may change annually. You have access to a list of all providers who participate in the network by visiting www.cigna.com; mycigna.com; or by calling the toll-free telephone number on your ID card. CIGNA Care Network providers are specifically identified in this listing.

Services Available In Conjunction With Your Medical Plan

The following several pages describe helpful services available in conjunction with your medical plan. You can access these services simply by calling the toll-free number shown on the back of your ID card.

CIGNA’S Toll-Free Care Line

CIGNA’s toll-free care line allows you to talk to a health care professional during normal business hours, Monday through Friday, simply by calling the toll-free number shown on your ID card.

CIGNA's toll-free care line personnel can provide you with the names of Participating Providers. If you or your Dependents need medical care, you may consult your Physician Guide which lists the Participating Providers in your area or call CIGNA's toll-free number for assistance. If you or your Dependents need medical care while away from home, you may have access to a national network of Participating Providers through CIGNA's Away-From-Home Care feature. Call CIGNA's toll-free care line for the names of Participating Providers in other network areas. Whether you obtain the name of a Participating Provider from your Physician Guide or through the care line, it is recommended that prior to making an appointment you call the provider to confirm that he or she is a current participant in the Open Access Plus Program.

Case Management

Case Management is a service provided through a Review Organization, which assists individuals with treatment needs that extend beyond the acute care setting. The goal of Case Management is to ensure that patients receive appropriate care in the most effective setting possible whether at home, as an outpatient, or in an inpatient in a Hospital or specialized facility. Should the need for Case Management arise, a Case Management professional will work closely with the patient, his or her family and the attending Physician to determine appropriate treatment options which will best meet the patient's needs and keep costs manageable. The Case Manager will help coordinate the treatment program and arrange for necessary resources. Case Managers are also available to answer questions and provide ongoing support for the family in times of medical crisis.

Case Managers are Registered Nurses (RNs) and other credentialed health care professionals, each trained in a clinical specialty area such as trauma, high risk pregnancy and neonates, oncology, mental health, rehabilitation or general medicine and surgery. A Case Manager trained in the appropriate clinical specialty area will be assigned to you or your Dependent. In addition, Case Managers are supported by a panel of Physician advisors who offer guidance on up-to-date treatment programs and medical technology. While the Case Manager recommends alternate treatment programs and helps coordinate needed resources, the patient's attending Physician remains responsible for the actual medical care.

1. You, your dependent or an attending Physician can request Case Management services by calling the toll-free number shown on your ID card during normal business hours, Monday through Friday. In addition, your employer, a claim office or a utilization review program (see the PAC/CSR section of your certificate) may refer an individual for Case Management.

2. The Review Organization assesses each case to determine whether Case Management is appropriate.
3. You or your Dependent is contacted by an assigned Case Manager who explains in detail how the program works. Participation in the program is voluntary - no penalty or benefit reduction is imposed if you do not wish to participate in Case Management.

4. Following an initial assessment, the Case Manager works with you, your family and Physician to determine the needs of the patient and to identify what alternate treatment programs are available (for example, in-home medical care in lieu of an extended Hospital convalescence). You are not penalized if the alternate treatment program is not followed.

5. The Case Manager arranges for alternate treatment services and supplies, as needed (for example, nursing services or a Hospital bed and other Durable Medical Equipment for the home).

6. The Case Manager also acts as a liaison between the insurer, the patient, his or her family and Physician as needed (for example, by helping you to understand a complex medical diagnosis or treatment plan).

7. Once the alternate treatment program is in place, the Case Manager continues to manage the case to ensure the treatment program remains appropriate to the patient's needs.

While participation in Case Management is strictly voluntary, Case Management professionals can offer quality, cost-effective treatment alternatives, as well as provide assistance in obtaining needed medical resources and ongoing family support in a time of need.

Important Information About Your Medical Plan
Details of your medical benefits are described on the following pages.

Opportunity to Select a Primary Care Physician

Choice of Primary Care Physician:

This medical plan does not require that you select a Primary Care Physician or obtain a referral from a Primary Care Physician in order to receive all benefits available to you under this medical plan. Notwithstanding, a Primary Care Physician may serve an important role in meeting your health care needs by providing or arranging for medical care for you and your Dependents. For this reason, we encourage the use of Primary Care Physicians and provide you with the opportunity to select a Primary Care Physician from a list provided by CG for yourself and your Dependents. If you choose to select a Primary Care Physician, the Primary Care Physician you select for yourself may be different from the Primary Care Physician you select for each of your Dependents.

Changing Primary Care Physicians:

You may request a transfer from one Primary Care Physician to another by contacting us at the member services number on your ID card. Any such transfer will be effective on the first day of the month following the month in which the processing of the change request is completed.

In addition, if at any time a Primary Care Physician ceases to be a Participating Provider, you or your Dependent will be notified for the purpose of selecting a new Primary Care Physician, if you choose.

Important Notices

Patient Protection and Affordable Care Act Endorsement

The group contract or certificate is amended as stated below. In the event of a conflict between the provisions of your plan documents and the provisions of this endorsement, the provisions that provide the better benefit shall apply.

Definitions

"Emergency medical condition" means a medical condition which manifests itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in 1) placing the health of the individual (or, with respect to a pregnant woman, the health of the woman or
her unborn child) in serious jeopardy; 2) serious impairment to bodily functions; or 3) serious dysfunction of any bodily organ or part. “Emergency services” means, with respect to an emergency medical condition: (a) a medical screening examination that is within the capability of the emergency department of a hospital, including ancillary services routinely available to the emergency department to evaluate the emergency medical condition; and (b) such further medical examination and treatment, to the extent they are within the capabilities of the staff and facilities available at the hospital, to stabilize the patient.

“Essential health benefits” means, to the extent covered under the plan, expenses incurred with respect to covered services, in at least the following categories: ambulatory patient services, emergency services, hospitalization, maternity and newborn care, mental health and substance use disorder services, including behavioral health treatment, prescription drugs, rehabilitative and habilitative services and devices, laboratory services, preventive and wellness services and chronic disease management and pediatric services, including oral and vision care.

“Patient Protection and Affordable Care Act of 2010” means the Patient Protection and Affordable Care Act of 2010 (Public Law 111-148) as amended by the Health Care and Education Reconciliation Act of 2010 (Public Law 111-152).

“Stabilize” means, with respect to an emergency medical condition, to provide such medical treatment of the condition as may be necessary to assure, within reasonable medical probability that no material deterioration of the condition is likely to result from or occur during the transfer of the individual from a facility.

**Lifetime Dollar Limits**
Any lifetime limit on the aggregate dollar value of essential health benefits is deleted. Any lifetime limits on the dollar value of any essential health benefits are deleted.

**Annual Dollar Limits**
Any annual limits on the dollar value of essential health benefits are deleted.

**Rescissions**
Your coverage may not be rescinded (retroactively terminated) unless: (1) the plan sponsor or an individual (or a person seeking coverage on behalf of the individual) performs an act, practice or omission that constitutes fraud; or (2) the plan sponsor or individual (or a person seeking coverage on behalf of the individual) makes an intentional misrepresentation of material fact.

**Extension of Coverage to Dependents**
Dependent children are eligible for coverage up to the age of 26. Any restrictions in the definition of Dependent in your plan document which require a child to be unmarried, a student, financially dependent on the employee, etc. no longer apply. If the definition of Dependent in the plan document provides coverage for a child beyond age 26, the provision and all restrictions will continue to apply starting at age 26. Any provisions related to coverage of a handicapped child continue to apply starting at age 26.

**Preventive Services**
In addition to any other preventive care services described in the plan documents, no deductible, copayment, or coinsurance shall apply to the following Covered Services.

However, the covered services must be provided by a Participating Provider:

1. evidence-based items or services that have in effect a rating of “A” or “B” in the current recommendations of the United States Preventive Services Task Force;
2. immunizations that have in effect a recommendation from the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention with respect to the Covered Person involved;
3. for infants, children, and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration;
4. for women, such additional preventive care and screenings not described in paragraph (1) as provided for in comprehensive guidelines supported by the Health Resources and Services Administration.

**Preservice Medical Necessity Determinations**
If standard determination periods would (a) seriously jeopardize your life or health, your ability to regain maximum function, or (b) in the opinion of a Physician with knowledge of your health condition, cause you severe pain which cannot be managed without the requested services, the preservice determination will be made on an expedited basis. The Physician reviewer, in consultation with the treating Physician, will decide if an expedited determination is necessary. You or your representative will be notified of an expedited determination within 24 hours after receipt of the request.

**Notice of Adverse Determination**
In addition to the description provided in your plan documents, a notice of adverse benefit determination will also include information sufficient for you to identify the claim, and information about any office of health insurance consumer assistance or ombudsman available to assist you with the appeal process. In the case of a final adverse benefit determination, your notice will include a discussion of the decision.
Right to Appeal
You have the right to appeal any decision or action taken to deny, reduce, or terminate the provision of or payment for health care services covered by your plan or to rescind your coverage. When a requested service or payment for the service has been denied, reduced or terminated based on a judgment as to the medical necessity, appropriateness, health care setting, level of care, or effectiveness of the health care service, you have the right to have the decision reviewed by an independent review organization not associated with CIGNA.

Except where life or health would be seriously jeopardized, you must first exhaust the internal appeal process set forth in your plan documents before your request for an external independent review will be granted. If the plan does not strictly adhere to all internal claim and appeals processes, you can be deemed to have exhausted the internal appeal process.

Your appeal rights are outlined in your plan documents. In addition, before a final internal adverse benefit determination is issued, if applicable, you will be provided, free of charge, any new or additional evidence considered, or rationale relied upon, in sufficient time to allow you the opportunity to respond before the final notice is issued.

Emergency Services
Emergency Services, as defined above, are covered without the need for any prior authorization determination and without regard as to whether the health care provider furnishing such services is a participating provider. Emergency Services, as defined above, provided by a Non-participating Provider will be covered as if the services were provided by a Participating Provider.

Direct Access to Obstetricians and Gynecologists
You do not need prior authorization from the plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, visit www.mycigna.com or contact customer service at the phone number listed on the back of your ID card.

Selection of a Primary Care Provider
This plan generally allows the designation of a primary care provider. You have the right to designate any primary care provider who participates in the network and who is available to accept you or your family members. If your plan requires the designation of a primary care provider, CIGNA may designate one for you until you make this designation. For information on how to select a primary care provider, and for a list of the participating primary care providers, visit www.mycigna.com or contact customer service at the phone number listed on the back of your ID card.

For children, you may designate a pediatrician as the primary care provider.

Preexisting Condition Limitations
Any Preexisting Condition Limitation provision described in the plan document does not apply to anyone who is under 19 years of age.

Notice
Coverage of Dependent Children For Medical Benefits
Your Employer is not required to pay any portion of the premium for a Dependent child after the end of the calendar year in which the Dependent child reaches age 25. Your Employer will inform you of the applicable premium contribution required by you.

How To File Your Claim
The prompt filing of any required claim form will result in faster payment of your claim.

You may get the required claim forms from your Benefit Plan Administrator. All fully completed claim forms and bills should be sent directly to your servicing CG Claim Office. Depending on your Group Insurance Plan benefits, file your claim forms as described below.

Hospital Confinement
If possible, get your Group Medical Insurance claim form before you are admitted to the Hospital. This form will make your admission easier and any cash deposit usually required will be waived.

If you have a Benefit Identification Card, present it at the admission office at the time of your admission. The card tells the Hospital to send its bills directly to CG.

Doctor's Bills and Other Medical Expenses
The first Medical Claim should be filed as soon as you have incurred covered expenses. Itemized copies of your bills should be sent with the claim form. If you have any additional bills after the first treatment, file them periodically.
CLAIM REMINDERS

- BE SURE TO USE YOUR MEMBER ID AND ACCOUNT NUMBER WHEN YOU FILE CG’S CLAIM FORMS, OR WHEN YOU CALL YOUR CG CLAIM OFFICE.

  YOUR MEMBER ID IS THE ID SHOWN ON YOUR BENEFIT IDENTIFICATION CARD.

  YOUR ACCOUNT NUMBER IS THE 7-DIGIT POLICY NUMBER SHOWN ON YOUR BENEFIT IDENTIFICATION CARD.

- PROMPT FILING OF ANY REQUIRED CLAIM FORMS RESULTS IN FASTER PAYMENT OF YOUR CLAIMS.

WARNING: Any person who knowingly presents a false or fraudulent claim for payment of a loss or benefit is guilty of a crime and may be subject to fines and confinement in prison.

Accident and Health Provisions

Claims

Notice of Claim

Written notice of claim must be given to CG within 30 days after the occurrence or start of the loss on which claim is based. If notice is not given in that time, the claim will not be invalidated or reduced if it is shown that written notice was given as soon as was reasonably possible.

Claim Forms

When CG receives the notice of claim, it will give to the claimant, or to the Policyholder for the claimant, the claim forms which it uses for filing proof of loss. If the claimant does not get these claim forms within 15 days after CG receives notice of claim, he will be considered to meet the proof of loss requirements of the policy if he submits written proof of loss within 90 days after the date of loss. This proof must describe the occurrence, character and extent of the loss for which claim is made.

Proof of Loss

Written proof of loss must be given to CG within 90 days after the date of the loss for which claim is made. If written proof of loss is not given in that time, the claim will not be invalidated or reduced if it is shown that written proof of loss was given as soon as was reasonably possible.

Physical Examination

CG, at its own expense, will have the right to examine any person for whom claim is pending as often as it may reasonably require.

Legal Actions

Where CG has followed the terms of the policy, no action at law or in equity will be brought to recover on the policy until at least 60 days after proof of loss has been filed with CG. No action will be brought at all unless brought within 3 years after the time within which proof of loss is required.

Prescription Drug Benefits
For You and Your Dependents

Covered Expenses
If you or any one of your Dependents, while insured for Prescription Drug Benefits, incurs expenses for charges made by a Pharmacy, for Medically Necessary Prescription Drugs or Related Supplies ordered by a Physician, CG will provide coverage for those expenses as shown in the Schedule. Coverage also includes Medically Necessary Prescription Drugs and Related Supplies dispensed for a prescription issued to you or your Dependents by a licensed dentist for the prevention of infection or pain in conjunction with a dental procedure.

When you or a Dependent is issued a prescription for Medically Necessary Prescription Drugs or Related Supplies as part of the rendering of Emergency Services and that prescription cannot reasonably be filled by a Participating Pharmacy, the prescription will be covered by CG, as if filled by a Participating Pharmacy.

Limitations
Each Prescription Order or refill shall be limited as follows:

- up to a consecutive 30-day supply, at a retail Pharmacy, unless limited by the drug manufacturer's packaging; or
- up to a consecutive 90-day supply at a mail-order Participating Pharmacy, unless limited by the drug manufacturer's packaging; or
- to a dosage and/or dispensing limit as determined by the P&T Committee.

Coverage for certain Prescription Drugs and Related Supplies requires your Physician to obtain authorization prior to prescribing. Prior authorization may include, for example, a step therapy determination. Step therapy determines the specific usage progression of therapeutically equivalent drug products or supplies appropriate for treatment of a specific condition. If your Physician wishes to request coverage for Prescription Drugs or Related Supplies for which prior authorization is required, your Physician may call or complete the appropriate prior authorization form and fax it to CG to request prior authorization for coverage of the Prescription Drugs or Related Supplies. Your Physician should make this request before writing the prescription.

If the request is approved, your Physician will receive confirmation. The authorization will be processed in our claim system to allow you to have coverage for those Prescription Drugs or Related Supplies. The length of the authorization will depend on the diagnosis and Prescription Drugs or Related Supplies. When your Physician advises you that coverage for the Prescription Drugs or Related Supplies has been approved, you should contact the Pharmacy to fill the prescription(s).

If the request is denied, your Physician and you will be notified that coverage for the Prescription Drugs or Related Supplies is not authorized.

If you disagree with a coverage decision, you may appeal that decision in accordance with the provisions of the Policy, by submitting a written request stating why the Prescription Drugs or Related Supplies should be covered.

If you have questions about a specific prior authorization request, you should call Member Services at the toll-free number on the ID card.

All drugs newly approved by the Food and Drug Administration (FDA) are designated as either non-Preferred or non-Prescription Drug List drugs until the P & T Committee clinically evaluates the Prescription Drug for a different designation.

Prescription Drugs that represent an advance over available therapy according to the FDA will be reviewed by the P&T Committee within six months after FDA approval. Prescription Drugs that appear to have therapeutic qualities similar to those of an already marketed drug according to the FDA, will not be reviewed by the P&T Committee for at least six months after FDA approval. In the case of compelling clinical data, an ad hoc group will be formed to make an interim decision on the merits of a Prescription Drug.

Your Payments
Coverage for Prescription Drugs and Related Supplies purchased at a Pharmacy is subject to the Copayment or Coinsurance shown in the Schedule, after you have satisfied your Prescription Drug Deductible, if applicable. Please refer to the Schedule for any required Copayments, Coinsurance, Deductibles or Maximums if applicable.

When a treatment regimen contains more than one type of Prescription Drugs which are packaged together for your, or your Dependent's convenience, a Copayment will apply to each Prescription Drug.

Such waiver will not apply if 63 days elapse between coverage during a prior period of Creditable Coverage and coverage under this plan.

Credit for Coverage Under Prior Plan
If a person was previously covered under a plan which qualifies as Creditable Coverage, the following will apply, provided he notifies the Employer of such prior coverage, and fewer than 63 days elapse between coverage under the prior plan and coverage under this plan, exclusive of any waiting period.

CG will reduce any Pre-existing Condition limitation period under this policy by the number of days of prior Creditable Coverage you had under a creditable health plan or policy.

Coordination of Benefits
This section applies if you or any one of your Dependents is covered under more than one Plan and determines how benefits payable from all such Plans will be coordinated. You should file all claims with each Plan.

Definitions
For the purposes of this section, the following terms have the meanings set forth below:

Plan
Any of the following that provides benefits or services for medical care or treatment:

(1) Group insurance and/or group-type coverage, whether insured or self-insured which neither can be purchased by the general public, nor is individually underwritten, including closed panel coverage.

(2) Coverage under Medicare and other governmental benefits as permitted by law, excepting Medicaid and Medicare supplement policies.

(3) Medical benefits coverage of group, group-type, and individual automobile contracts.

Each Plan or part of a Plan which has the right to coordinate benefits will be considered a separate Plan.

Closed Panel Plan
A Plan that provides medical or dental benefits primarily in the form of services through a panel of employed or contracted providers, and that limits or excludes benefits provided by providers outside of the panel, except in the case of emergency or if referred by a provider within the panel.

Primary Plan
The Plan that determines and provides or pays benefits without taking into consideration the existence of any other Plan.

Secondary Plan
A Plan that determines, and may reduce its benefits after taking into consideration, the benefits provided or paid by the Primary Plan. A Secondary Plan may also recover from the Primary Plan the Reasonable Cash Value of any services it provided to you.

Allowable Expense
A necessary, reasonable and customary service or expense, including deductibles, coinsurance or copayments, that is covered in full or in part by any Plan covering you. When a Plan provides benefits in the form of services, the Reasonable Cash Value of each service is the Allowable Expense and is a paid benefit.
Examples of expenses or services that are not Allowable Expenses include, but are not limited to the following:

1. An expense or service or a portion of an expense or service that is not covered by any of the Plans is not an Allowable Expense.

2. If you are confined to a private Hospital room and no Plan provides coverage for more than a semiprivate room, the difference in cost between a private and semiprivate room is not an Allowable Expense.

3. If you are covered by two or more Plans that provide services or supplies on the basis of reasonable and customary fees, any amount in excess of the highest reasonable and customary fee is not an Allowable Expense.

4. If you are covered by one Plan that provides services or supplies on the basis of reasonable and customary fees and one Plan that provides services and supplies on the basis of negotiated fees, the Primary Plan's fee arrangement shall be the Allowable Expense.

5. If your benefits are reduced under the Primary Plan (through the imposition of a higher copayment amount, higher coinsurance percentage, a deductible and/or a penalty) because you did not comply with Plan provisions or because you did not use a preferred provider, the amount of the reduction is not an Allowable Expense. Such Plan provisions include second surgical opinions and precertification of admissions or services.

Claim Determination Period
A calendar year, but does not include any part of a year during which you are not covered under this policy or any date before this section or any similar provision takes effect.

Order of Benefit Determination Rules
A Plan that does not have a coordination of benefits rule consistent with this section shall always be the Primary Plan. If the Plan does have a coordination of benefits rule consistent with this section, the first of the following rules that applies to the situation is the one to use:

1. The Plan that covers you as an enrollee or an employee shall be the Primary Plan and the Plan that covers you as a Dependent shall be the Secondary Plan;

2. If you are a Dependent child whose parents are not divorced or legally separated, the Primary Plan shall be the Plan which covers the parent whose birthday falls first in the calendar year as an enrollee or employee;

3. If you are the Dependent of divorced or separated parents, benefits for the Dependent shall be determined in the following order:
   (a) first, if a court decree states that one parent is responsible for the child's healthcare expenses or health coverage and the Plan for that parent has actual knowledge of the terms of the order, but only from the time of actual knowledge;
   (b) then, the Plan of the parent with custody of the child;
   (c) then, the Plan of the spouse of the parent with custody of the child;
   (d) then, the Plan of the parent not having custody of the child, and
   (e) finally, the Plan of the spouse of the parent not having custody of the child.

4. The Plan that covers you as an active employee (or as that employee's Dependent) shall be the Primary Plan and the Plan that covers you as laid-off or retired employee (or as that employee's Dependent) shall be the secondary Plan. If the other Plan does not have a similar provision and, as a result, the Plans cannot agree on the order of benefit determination, this paragraph shall not apply.

5. The Plan that covers you under a right of continuation which is provided by federal or state law shall be the Secondary Plan and the Plan that covers you as an active employee or retiree (or as that employee's Dependent) shall be the Primary Plan. If the other Plan does not have a similar provision and, as a result, the Plans cannot agree on the order of benefit determination, this paragraph shall not apply.

6. If one of the Plans that covers you is issued out of the state whose laws govern this Policy, and determines the order of benefits based upon the gender of a parent, and as
a result, the Plans do not agree on the order of benefit
determination, the Plan with the gender rules shall
determine the order of benefits.

If none of the above rules determines the order of benefits, the
Plan that has covered you for the longer period of time shall
be primary.

When coordinating benefits with Medicare, this Plan will be
the Secondary Plan and determine benefits after Medicare,
where permitted by the Social Security Act of 1965, as
amended. However, when more than one Plan is secondary to
Medicare, the benefit determination rules identified above,
will be used to determine how benefits will be coordinated.

**Effect on the Benefits of This Plan**

If this Plan is the Secondary Plan, this Plan may reduce
benefits so that the total benefits paid by all Plans during a
Claim Determination Period are not more than 100% of the
total of all Allowable Expenses.

The difference between the amount that this Plan would have
paid if this Plan had been the Primary Plan, and the benefit
payments that this Plan had actually paid as the Secondary
Plan, will be recorded as a benefit reserve for you. CG will use
this benefit reserve to pay any Allowable Expense not
otherwise paid during the Claim Determination Period.

**Medicare Eligibles**

CG will pay as the Secondary Plan as permitted
by the Social Security Act of 1965 as amended
for the following:

(a) a former Employee who is eligible for
Medicare and whose insurance is continued
for any reason as provided in this plan;

(b) a former Employee's Dependent, or a former
Dependent Spouse, who is eligible for
Medicare and whose insurance is continued
for any reason as provided in this plan;

(c) an Employee whose Employer and each
other Employer participating in the
Employer's plan have fewer than 100
Employees and that Employee is eligible for
Medicare due to disability;

(d) the Dependent of an Employee whose
Employer and each other Employer
participating in the Employer's plan have
fewer than 100 Employees and that
Dependent is eligible for Medicare due to
disability;
(e) an Employee or a Dependent of an Employee of an Employer who has fewer than 20 Employees, if that person is eligible for Medicare due to age;

(f) an Employee, retired Employee, Employee's Dependent or retired Employee's Dependent who is eligible for Medicare due to End Stage Renal Disease after that person has been eligible for Medicare for 30 months;

CG will assume the amount payable under:

- Part A of Medicare for a person who is eligible for that Part without premium payment, but has not applied, to be the amount he would receive if he had applied.
- Part B of Medicare for a person who is entitled to be enrolled in that Part, but is not, to be the amount he would receive if he were enrolled.
- Part B of Medicare for a person who has entered into a private contract with a provider, to be the amount he would receive in the absence of such private contract.

A person is considered eligible for Medicare on the earliest date any coverage under Medicare could become effective for him.

This reduction will not apply to any Employee and his Dependent or any former Employee and his Dependent unless he is listed under (a) through (f) above.

Domestic Partners
Under federal law, the Medicare Secondary Payer Rules do not apply to Domestic Partners covered under a group health plan. Therefore, Medicare is always the Primary Plan for a person covered as a Domestic Partner, and CIGNA is the Secondary Plan.

Expenses For Which A Third Party May Be Liable
This policy does not cover expenses for which another party may be responsible as a result of having caused or contributed to the Injury or Sickness. If you incur a Covered Expense for which, in the opinion of CG, another party may be liable:

1. CG shall, to the extent permitted by law, be subrogated to all rights, claims or interests which you may have against such party and shall automatically have a lien upon the proceeds of any recovery by you from such party to the extent of any benefits paid under the Policy. You or your representative shall execute such documents as may be required to secure CG's subrogation rights.

2. Alternatively, CG may, at its sole discretion, pay the benefits otherwise payable under the Policy. However, you must first agree in writing to refund to CG the lesser of:
   a. the amount actually paid for such Covered Expenses by CG; or
   b. the amount you actually receive from the third party for such Covered Expenses;

   at the time that the third party's liability is determined and satisfied, whether by settlement, judgment, arbitration or award or otherwise.

Payment of Benefits
To Whom Payable
All Medical Benefits are payable to you. However, at the option of CG, all or any part of them may be paid directly to the person or institution on whose charge claim is based.

Medical Benefits are not assignable unless agreed to by CG. CG may, at its option, make payment to you for the cost of
any Covered Expenses received by you or your Dependent from a Non-Participating Provider even if benefits have been assigned. When benefits are paid to you or your Dependent, you or your Dependent is responsible for reimbursing the Provider. If any person to whom benefits are payable is a minor or, in the opinion of CG, is not able to give a valid receipt for any payment due him, such payment will be made to his legal guardian. If no request for payment has been made by his legal guardian, CG may, at its option, make payment to the person or institution appearing to have assumed his custody and support.

If you die while any of these benefits remain unpaid, CG may choose to make direct payment to any of your following living relatives: spouse, mother, father, child or children, brothers or sisters; or to the executors or administrators of your estate.

Payment as described above will release CG from all liability to the extent of any payment made.

Time of Payment
Benefits will be paid by CG when it receives due proof of loss.

Recovery of Overpayment
When an overpayment has been made by CG, CG will have the right at any time to: (a) recover that overpayment from the person to whom or on whose behalf it was made; or (b) offset the amount of that overpayment from a future claim payment.

Calculation of Covered Expenses
CG, in its discretion, will calculate Covered Expenses following evaluation and validation of all provider billings in accordance with:

- the methodologies in the most recent edition of the Current Procedural terminology.
- the methodologies as reported by generally recognized professionals or publications.

Any continuation of insurance must be based on a plan which precludes individual selection.

Temporary Layoff or Leave of Absence
If your Active Service ends due to temporary layoff or leave of absence, your insurance will be continued until the date your Employer: (a) stops paying premium for you; or (b) otherwise cancels your insurance. However, your insurance will not be continued for more than 60 days past the date your Active Service ends.

Injury or Sickness
If your Active Service ends due to an Injury or Sickness, your insurance will be continued while you remain totally and continuously disabled as a result of the Injury or Sickness. However, the insurance will not continue past the date your Employer stops paying premium for you or otherwise cancels the insurance.

Retirement
If your Active Service ends because you retire, your insurance will be continued until the date on which your Employer stops paying premium for you or otherwise cancels the insurance.

Dependents
Your insurance for all of your Dependents will cease on the earliest date below:

- the date your insurance ceases.
- the date you cease to be eligible for Dependent Insurance.
- the last day for which you have made any required contribution for the insurance.
- the date Dependent Insurance is canceled.

The insurance for any one of your Dependents will cease on the date that Dependent no longer qualifies as a Dependent.
Special Continuation of Medical Insurance for Dependents of Military Reservists
If your insurance ceases because you are called to active military duty in: (a) the Florida National Guard; or (b) the United States military reserves, you may elect to continue Dependent insurance. You must pay the required premiums to the Policyholder if you choose to continue Dependent insurance. In no event will coverage be continued beyond the earliest of the following dates:

- the expiration of 30 days from the date the Employee's military service ends;
- the last day for which the required contribution for Dependent insurance has been made;
- the date the Dependent becomes eligible for insurance under another group policy. Coverage under the Civilian Health and Medical Program of the Uniformed Services (CHAMPUS) is excluded from this provision;
- the date the Dependent becomes eligible for Medicare;
- the date the group policy cancels;
- the date the Dependent ceases to be an eligible Dependent.

Reinstatement of Medical Insurance – Employees and Dependents
Upon completion of your active military duty in: (a) the Florida National Guard; or (b) the United States military reserves, you are entitled to the reinstatement of your insurance and that of your Dependents if continuation of Dependent insurance was not elected. Such reinstatement will be without the application of: (a) any new waiting periods; or (b) the Pre-existing Condition Limitation to any new condition that you or your Dependent may have developed during the period that coverage was interrupted due to active military duty.

Provisions Applicable to Reinstatement
- You must notify your Employer, before reporting for military duty, that you intend to return to Active Service with that Employer; and
- You must notify your Employer that you elect such reinstatement within 30 days after returning to Active Service with that Employer and pay any required premium.

Conversion Available Following Continuation
The provisions of the "Medical Conversion Privilege" section will apply when the insurance ceases.

Medical Benefits Extension
Upon Policy Cancellation
If the Medical Benefits under this plan cease for you or your Dependent due to cancellation of the policy, and you or your Dependent is Totally Disabled on that date due to an Injury, Sickness or pregnancy, Medical Benefits will be paid for Covered Expenses incurred in connection with that Injury, Sickness or pregnancy. However, no benefits will be paid after the earliest of:

- the date you exceed the Maximum Benefit, if any, shown in the Schedule;
- the date a succeeding carrier agrees to provide coverage without limitation for the disabling condition;
- the date you are no longer Totally Disabled;
- 12 months from the date the policy is canceled; or
- for pregnancy, until delivery.

Totally Disabled
You will be considered Totally Disabled if, because of an Injury or a Sickness:
- you are unable to perform the basic duties of your occupation; and
- you are not performing any other work or engaging in any other occupation for wage or profit.

Your Dependent will be considered Totally Disabled if, because of an Injury or a Sickness:
- he is unable to engage in the normal activities of a person of the same age, sex and ability; or
- in the case of a Dependent who normally works for wage or profit, he is not performing such work.

Federal Requirements
The following pages explain your rights and responsibilities under federal laws and regulations. Some states may have similar requirements. If a similar provision appears elsewhere
in this booklet, the provision which provides the better benefit will apply.

Notice of Provider Directory/Networks

Notice Regarding Provider/Pharmacy Directories and Provider/Pharmacy Networks

If your Plan utilizes a network of Providers, a separate listing of Participating Providers who participate in the network is available to you without charge by visiting www.cigna.com; mycigna.com or by calling the toll-free telephone number on your ID card.

Your Participating Provider/Pharmacy networks consist of a group of local medical practitioners, and Hospitals, of varied specialties as well as general practice or a group of local Pharmacies who are employed by or contracted with CIGNA HealthCare.

Qualified Medical Child Support Order (QMCSO)

A. Eligibility for Coverage Under a QMCSO

If a Qualified Medical Child Support Order (QMCSO) is issued for your child, that child will be eligible for coverage as required by the order and you will not be considered a Late Entrant for Dependent Insurance.

You must notify your Employer and elect coverage for that child and yourself, if you are not already enrolled, within 31 days of the QMCSO being issued.

B. Qualified Medical Child Support Order Defined

A Qualified Medical Child Support Order is a judgment, decree or order (including approval of a settlement agreement) or administrative notice, which is issued pursuant to a state domestic relations law (including a community property law), or to an administrative process, which provides for child support or provides for health benefit coverage to such child and relates to benefits under the group health plan, and satisfies all of the following:

1. the order recognizes or creates a child’s right to receive group health benefits for which a participant or beneficiary is eligible;
2. the order specifies your name and last known address, and the child’s name and last known address, except that the name and address of an official of a state or political subdivision may be substituted for the child’s mailing address;
3. the order provides a description of the coverage to be provided, or the manner in which the type of coverage is to be determined;
4. the order states the period to which it applies; and
5. if the order is a National Medical Support Notice completed in accordance with the Child Support Performance and Incentive Act of 1998, such Notice meets the requirements above.

The QMCSO may not require the health insurance policy to provide coverage for any type or form of benefit or option not otherwise provided under the policy, except that an order may require a plan to comply with State laws regarding health care coverage.

C. Payment of Benefits

Any payment of benefits in reimbursement for Covered Expenses paid by the child, or the child’s custodial parent or legal guardian, shall be made to the child, the child’s custodial parent or legal guardian, or a state official whose name and address have been substituted for the name and address of the child.

Special Enrollment Rights Under the Health Insurance Portability & Accountability Act (HIPAA)

If you or your eligible Dependent(s) experience a special enrollment event as described below, you or your eligible Dependent(s) may be entitled to enroll in the Plan outside of a designated enrollment period upon the occurrence of one of the special enrollment events listed below. If you are already enrolled in the Plan, you may request enrollment for you and your eligible Dependent(s) under a different option offered by the Employer for which you are currently eligible. If you are not already enrolled in the Plan, you must request special enrollment for yourself in addition to your eligible Dependent(s). You and all of your eligible Dependent(s) must be covered under the same option. The special enrollment events include:

- Acquiring a new Dependent. If you acquire a new Dependent(s) through marriage, birth, adoption or placement for adoption, you may request special enrollment for any of the following combinations of individuals if not already enrolled in the Plan: Employee only; spouse only; Employee and spouse; Dependent child(ren) only; Employee and Dependent child(ren); Employee, spouse and
Dependent child(ren). Enrollment of Dependent children is limited to the newborn or adopted children or children who became Dependent children of the Employee due to marriage. Dependent children who were already Dependents of the Employee but not currently enrolled in the Plan are not entitled to special enrollment.

- **Loss of eligibility for State Medicaid or Children’s Health Insurance Program (CHIP).** If you and/or your Dependent(s) were covered under a state Medicaid or CHIP plan and the coverage is terminated due to a loss of eligibility, you may request special enrollment for yourself and any affected Dependent(s) who are not already enrolled in the Plan. You must request enrollment within 60 days after termination of Medicaid or CHIP coverage.

- **Loss of eligibility for other coverage (excluding continuation coverage).** If coverage was declined under this Plan due to coverage under another plan, and eligibility for the other coverage is lost, you and all of your eligible Dependent(s) may request special enrollment in this Plan. If required by the Plan, when enrollment in this Plan was previously declined, it must have been declined in writing with a statement that the reason for declining enrollment was due to other health coverage. This provision applies to loss of eligibility as a result of any of the following:
  - divorce or legal separation;
  - cessation of Dependent status (such as reaching the limiting age);
  - death of the Employee;
  - termination of employment;
  - reduction in work hours to below the minimum required for eligibility;
  - you or your Dependent(s) no longer reside, live or work in the other plan’s network service area and no other coverage is available under the other plan;
  - you or your Dependent(s) incur a claim which meets or exceeds the lifetime maximum limit that is applicable to all benefits offered under the other plan; or
  - the other plan no longer offers any benefits to a class of similarly situated individuals.

- **Termination of employer contributions (excluding continuation coverage).** If a current or former employer ceases all contributions toward the Employee’s or Dependent’s other coverage, special enrollment may be requested in this Plan for you and all of your eligible Dependent(s).

- **Exhaustion of COBRA or other continuation coverage.** Special enrollment may be requested in this Plan for you and all of your eligible Dependent(s) upon exhaustion of COBRA or other continuation coverage. If you or your Dependent(s) elect COBRA or other continuation coverage following loss of coverage under another plan, the COBRA or other continuation coverage must be exhausted before any special enrollment rights exist under this Plan. An individual is considered to have exhausted COBRA or other continuation coverage only if such coverage ceases: (a) due to failure of the employer or other responsible entity to remit premiums on a timely basis; (b) when the person no longer resides or works in the other plan’s service area and there is no other COBRA or continuation coverage available under the plan; or (c) when the individual incurs a claim that would meet or exceed a lifetime maximum limit on all benefits and there is no other COBRA or other continuation coverage available to the individual. This does not include termination of an employer’s limited period of contributions toward COBRA or other continuation coverage as provided under any severance or other agreement.

- **Eligibility for employment assistance under State Medicaid or Children’s Health Insurance Program (CHIP).** If you and/or your Dependent(s) become eligible for assistance with group health plan premium payments under a state Medicaid or CHIP plan, you may request special enrollment for yourself and any affected Dependent(s) who are not already enrolled in the Plan. You must request enrollment within 60 days after the date you are determined to be eligible for assistance. Except as stated above, special enrollment must be requested within 30 days after the occurrence of the special enrollment event. If the special enrollment event is the birth or adoption of a Dependent child, coverage will be effective immediately on the date of birth, adoption or placement for adoption. Coverage with regard to any other special enrollment event will be effective on the first day of the calendar month following receipt of the request for special enrollment. Individuals who enroll in the Plan due to a special enrollment event will not be considered Late Entrants. Any Pre-existing Condition limitation will be applied upon enrollment, reduced by prior Creditable Coverage, but will not be extended as for a Late Entrant.

Domestic Partners and their children (if not legal children of the Employee) are not eligible for special enrollment.
Coverage of Students on Medically Necessary Leave of Absence

(Appplies to Students Age 26 or Over When Covered Under This Plan)

If your Dependent child is covered by this plan as a student, as defined in the Definition of Dependent, coverage will remain active for that child if the child is on a medically necessary leave of absence from a postsecondary educational institution (such as a college, university or trade school.)

Coverage will terminate on the earlier of:

- The date that is one year after the first day of the medically necessary leave of absence; or
- The date on which coverage would otherwise terminate under the terms of the plan.

The child must be a Dependent under the terms of the plan and must have been enrolled in the plan on the basis of being a student at a postsecondary educational institution immediately before the first day of the medically necessary leave of absence.

The plan must receive written certification from the treating physician that the child is suffering from a serious illness or injury and that the leave of absence (or other change in enrollment) is medically necessary.

A “medically necessary leave of absence” is a leave of absence from a postsecondary educational institution, or any other change in enrollment of the child at the institution that:

- starts while the child is suffering from a serious illness or condition; is medically necessary; and causes the child to lose student status under the terms of the plan.

Effect of Section 125 Tax Regulations on This Plan

Your Employer has chosen to administer this Plan in accordance with Section 125 regulations of the Internal Revenue Code. Per this regulation, you may agree to a pretax salary reduction put toward the cost of your benefits. Otherwise, you will receive your taxable earnings as cash (salary).

A. Coverage Elections

Per Section 125 regulations, you are generally allowed to enroll for or change coverage only before each annual benefit period. However, exceptions are allowed if your Employer agrees and you enroll for or change coverage within 30 days of the following:

- the date you meet the Special Enrollment criteria described above; or
- the date you meet the criteria shown in the following Sections B through F.

B. Change of Status

A change in status is defined as:

1. change in legal marital status due to marriage, death of a spouse, divorce, annulment or legal separation;
2. change in number of Dependents due to birth, adoption, placement for adoption, or death of a Dependent;
3. change in employment status of Employee, spouse or Dependent due to termination or start of employment, strike, lockout, beginning or end of unpaid leave of absence, including under the Family and Medical Leave Act (FMLA), or change in worksite;
4. changes in employment status of Employee, spouse or Dependent resulting in eligibility or ineligibility for coverage;
5. change in residence of Employee, spouse or Dependent to a location outside of the Employer’s network service area; and
6. changes which cause a Dependent to become eligible or ineligible for coverage.

C. Court Order

A change in coverage due to and consistent with a court order of the Employee or other person to cover a Dependent.

D. Medicare or Medicaid Eligibility/Entitlement

The Employee, spouse or Dependent cancels or reduces coverage due to entitlement to Medicare or Medicaid, or enrolls or increases coverage due to loss of Medicare or Medicaid eligibility.

E. Change in Cost of Coverage

If the cost of benefits increases or decreases during a benefit period, your Employer may, in accordance with plan terms, automatically change your elective contribution.

When the change in cost is significant, you may either increase your contribution or elect less-costly coverage. When a significant overall reduction is made to the benefit option you have elected, you may elect another available benefit option. When a new benefit option is added, you may change your election to the new benefit option.
F. Changes in Coverage of Spouse or Dependent Under Another Employer’s Plan

You may make a coverage election change if the plan of your spouse or Dependent: (a) incurs a change such as adding or deleting a benefit option; (b) allows election changes due to Special Enrollment, Change in Status, Court Order or Medicare or Medicaid Eligibility/Entitlement; or (c) this Plan and the other plan have different periods of coverage or open enrollment periods.

Eligibility for Coverage for Adopted Children

Any child under the age of 18 who is adopted by you, including a child who is placed with you for adoption, will be eligible for Dependent Insurance upon the date of placement with you. A child will be considered placed for adoption when you become legally obligated to support that child, totally or partially, prior to that child’s adoption.

If a child placed for adoption is not adopted, all health coverage ceases when the placement ends, and will not be continued.

The provisions in the “Exception for Newborns” section of this document that describe requirements for enrollment and effective date of insurance will also apply to an adopted child or a child placed with you for adoption.

Coverage for Maternity Hospital Stay

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that a physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain precertification. For information on precertification, contact your plan administrator.

Women’s Health and Cancer Rights Act (WHCRA)

Do you know that your plan, as required by the Women’s Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedema? Call Member Services at the toll free number listed on your ID card for more information.

Group Plan Coverage Instead of Medicaid

If your income and liquid resources do not exceed certain limits established by law, the state may decide to pay premiums for this coverage instead of for Medicaid, if it is cost effective. This includes premiums for continuation coverage required by federal law.

Pre-Existing Conditions Under the Health Insurance Portability & Accountability Act (HIPAA)

(Not Applicable To Anyone Under 19)

A federal law known as the Health Insurance Portability & Accountability Act (HIPAA) establishes requirements for Pre-existing Condition limitation provisions in health plans. Following is an explanation of the requirements and limitations under this law.

A. Pre-Existing Condition Limitation

Under HIPAA, a Pre-existing Condition limitation is a limitation or exclusion of benefits relating to a condition based on the fact that the condition was present before the effective date of coverage under the plan, whether or not any medical

needed to obtain proof of prior Creditable Coverage. Once
your prior coverage records are reviewed and credit is
calculated, you will receive a notice of any remaining Pre-
existing Condition limitation period.

E. Creditable Coverage
Creditable Coverage will include coverage under any of the
following: A self-insured employer group health plan;
Individual or group health insurance indemnity or HMO plans;
Part A or Part B of Medicare; Medicaid, except coverage
solely for pediatric vaccines; A health plan for certain
members of the uniformed armed services and their
dependents, including the Commissioned Corps of the
National Oceanic and Atmospheric Administration and of the
Public Health Service; A medical care program of the Indian
Health Service or of a tribal organization; A state health
benefits risk pool; The Federal Employees Health Benefits
Program; A public health plan established by a State, the U.S.
government, or a foreign country; the Peace Corps Act; Or a
State Children’s Health Insurance Program.

F. Obtaining a Certificate of Creditable Coverage Under
This Plan
(Applicable to All Enrollees Regardless of Age)
Upon loss of coverage under this Plan, a Certificate of
Creditable Coverage will be mailed to each terminating
individual at the last address on file. You or your dependent
may also request a Certificate of Creditable Coverage, without
charge, at any time while enrolled in the Plan and for 24
months following termination of coverage. You may need this
document as evidence of your prior coverage to reduce any
pre-existing condition limitation period under another plan, to
help you get special enrollment in another plan, or to obtain
certain types of individual health coverage even if you have
health problems. To obtain a Certificate of Creditable
Coverage, contact the Plan Administrator or call 1-800-
CIGNA24 or 1-800-244-6224.

Requirements of Medical Leave Act of 1993 (as
amended) (FMLA)
Any provisions of the policy that provide for: (a) continuation
of insurance during a leave of absence; and (b) reinstatement
of insurance following a return to Active Service; are modified
by the following provisions of the federal Family and Medical
Leave Act of 1993, as amended, where applicable:

A. Continuation of Health Insurance During Leave
Your health insurance will be continued during a leave of
absence if:
• that leave qualifies as a leave of absence under the Family
and Medical Leave Act of 1993, as amended; and

myCIGNA.com
• you are an eligible Employee under the terms of that Act. The cost of your health insurance during such leave must be paid, whether entirely by your Employer or in part by you and your Employer.

B. Reinstatement of Canceled Insurance Following Leave

Upon your return to Active Service following a leave of absence that qualifies under the Family and Medical Leave Act of 1993, as amended, any canceled insurance (health, life or disability) will be reinstated as of the date of your return.

You will not be required to satisfy any eligibility or benefit waiting period or the requirements of any Pre-existing Condition limitation to the extent that they had been satisfied prior to the start of such leave of absence.

Your Employer will give you detailed information about the Family and Medical Leave Act of 1993, as amended.

Uniformed Services Employment and Re-Employment Rights Act of 1994 (USERRA)

The Uniformed Services Employment and Re-employment Rights Act of 1994 (USERRA) sets requirements for continuation of health coverage and re-employment in regard to an Employee’s military leave of absence. These requirements apply to medical and dental coverage for you and your Dependents. They do not apply to any Life, Short-term or Long-term Disability or Accidental Death & Dismemberment coverage you may have.

A. Continuation of Coverage

For leaves of less than 31 days, coverage will continue as described in the Termination section regarding Leave of Absence.

For leaves of 31 days or more, you may continue coverage for yourself and your Dependents as follows:

You may continue benefits by paying the required premium to your Employer, until the earliest of the following:

• 24 months from the last day of employment with the Employer;
• the day after you fail to return to work; and
• the date the policy cancels.

Your Employer may charge you and your Dependents up to 102% of the total premium.

Following continuation of health coverage per USERRA requirements, you may convert to a plan of individual coverage according to any “Conversion Privilege” shown in your certificate.

B. Reinstatement of Benefits (applicable to all coverages)

If your coverage ends during the leave of absence because you do not elect USERRA or an available conversion plan at the expiration of USERRA and you are reemployed by your current Employer, coverage for you and your Dependents may be reinstated if (a) you gave your Employer advance written or verbal notice of your military service leave, and (b) the duration of all military leaves while you are employed with your current Employer does not exceed 5 years.

You and your Dependents will be subject to only the balance of a Pre-Existing Condition Limitation (PCL) or waiting period that was not yet satisfied before the leave began. However, if an Injury or Sickness occurs or is aggravated during the military leave, full Plan limitations will apply.

Any 63-day break in coverage rule regarding credit for time accrued toward a PCL waiting period will be waived.

If your coverage under this plan terminates as a result of your eligibility for military medical and dental coverage and your order to active duty is canceled before your active duty service commences, these reinstatement rights will continue to apply.

COBRA Continuation Rights Under Federal Law

For You and Your Dependents

What is COBRA Continuation Coverage?

Under federal law, you and/or your Dependents must be given the opportunity to continue health insurance when there is a “qualifying event” that would result in loss of coverage under the Plan. You and/or your Dependents will be permitted to continue the same coverage under which you or your Dependents were covered on the day before the qualifying event occurred, unless you move out of that plan’s coverage area or the plan is no longer available. You and/or your Dependents cannot change coverage options until the next open enrollment period.

When is COBRA Continuation Available?

For you and your Dependents, COBRA continuation is available for up to 18 months from the date of the following qualifying events if the event would result in a loss of coverage under the Plan:

• your termination of employment for any reason, other than gross misconduct, or
• your reduction in work hours.

For your Dependents, COBRA continuation coverage is available for up to 36 months from the date of the following
qualifying events if the event would result in a loss of coverage under the Plan:

• your death;
• your divorce or legal separation; or
• for a Dependent child, failure to continue to qualify as a Dependent under the Plan.

Who is Entitled to COBRA Continuation?

Only a “qualified beneficiary” (as defined by federal law) may elect to continue health insurance coverage. A qualified beneficiary may include the following individuals who were covered by the Plan on the day the qualifying event occurred: you, your spouse, and your Dependent children. Each qualified beneficiary has their own right to elect or decline COBRA continuation coverage even if you decline or are not eligible for COBRA continuation.

The following individuals are not qualified beneficiaries for purposes of COBRA continuation: domestic partners, same sex spouses, grandchildren (unless adopted by you), stepchildren (unless adopted by you). Although these individuals do not have an independent right to elect COBRA continuation coverage, if you elect COBRA continuation coverage for yourself, you may also cover your Dependents even if they are not considered qualified beneficiaries under COBRA. However, such individuals’ coverage will terminate when your COBRA continuation coverage terminates. The sections titled “Secondary Qualifying Events” and “Medicare Extension For Your Dependents” are not applicable to these individuals.

Secondary Qualifying Events

If, as a result of your termination of employment or reduction in work hours, your Dependent(s) have elected COBRA continuation coverage and one or more Dependents experience another COBRA qualifying event, the affected Dependent(s) may elect to extend their COBRA continuation coverage for an additional 18 months (7 months if the secondary event occurs within the disability extension period) for a maximum of 36 months from the initial qualifying event. The second qualifying event must occur before the end of the initial 18 months of COBRA continuation coverage or within the disability extension period discussed below. Under no circumstances will COBRA continuation coverage be available for more than 36 months from the initial qualifying event. Secondary qualifying events are: your death; your divorce or legal separation; or, for a Dependent child, failure to continue to qualify as a Dependent under the Plan.

Disability Extension

If, after electing COBRA continuation coverage due to your termination of employment or reduction in work hours, you or one of your Dependents is determined by the Social Security Administration (SSA) to be totally disabled under title II or XVI of the SSA, you and all of your Dependents who have elected COBRA continuation coverage may extend such continuation for an additional 11 months, for a maximum of 29 months from the initial qualifying event.

To qualify for the disability extension, all of the following requirements must be satisfied:

1. SSA must determine that the disability occurred prior to or within 60 days after the disabled individual elected COBRA continuation coverage; and
2. A copy of the written SSA determination must be provided to the Plan Administrator within 60 calendar days after the date the SSA determination is made AND before the end of the initial 18-month continuation period.

If the SSA later determines that the individual is no longer disabled, you must notify the Plan Administrator within 30 days after the date the final determination is made by SSA. The 11-month disability extension will terminate for all covered persons on the first day of the month that is more than 30 days after the date the SSA makes a final determination that the disabled individual is no longer disabled.

All causes for “Termination of COBRA Continuation” listed below will also apply to the period of disability extension.

Medicare Extension for Your Dependents

When the qualifying event is your termination of employment or reduction in work hours and you became enrolled in Medicare (Part A, Part B or both) within the 18 months before the qualifying event, COBRA continuation coverage for your Dependents will last for up to 36 months after the date you became enrolled in Medicare. Your COBRA continuation coverage will last for up to 18 months from the date of your termination of employment or reduction in work hours.

Termination of COBRA Continuation

COBRA continuation coverage will be terminated upon the occurrence of any of the following:

• the end of the COBRA continuation period of 18, 29 or 36 months, as applicable;
• failure to pay the required premium within 30 calendar days after the due date;
• cancellation of the Employer’s policy with CIGNA;
• after electing COBRA continuation coverage, a qualified beneficiary enrolls in Medicare (Part A, Part B, or both);
• after electing COBRA continuation coverage, a qualified beneficiary becomes covered under another group health plan, unless the qualified beneficiary has a condition for which the new plan limits or excludes coverage under a pre-existing condition provision. In such case coverage will continue until the earliest of: (a) the end of the applicable maximum period; (b) the date the pre-existing condition provision is no longer applicable; or (c) the occurrence of an event described in one of the first three bullets above; or
• any reason the Plan would terminate coverage of a participant or beneficiary who is not receiving continuation coverage (e.g., fraud).

Moving Out of Employer’s Service Area or Elimination of a Service Area
If you and/or your Dependents move out of the Employer’s service area or the Employer eliminates a service area in your location, your COBRA continuation coverage under the plan will be limited to out-of-network coverage only. In-network coverage is not available outside of the Employer’s service area. If the Employer offers another benefit option through CIGNA or another carrier which can provide coverage in your location, you may elect COBRA continuation coverage under that option.

Employer’s Notification Requirements
Your Employer is required to provide you and/or your Dependents with the following notices:
• An initial notification of COBRA continuation rights must be provided within 90 days after your (or your spouse’s) coverage under the Plan begins (or the Plan first becomes subject to COBRA continuation requirements, if later). If you and/or your Dependents experience a qualifying event before the end of that 90-day period, the initial notice must be provided within the time frame required for the COBRA continuation coverage election notice as explained below.
• A COBRA continuation coverage election notice must be provided to you and/or your Dependents within the following timeframes:
  (a) if the Plan provides that COBRA continuation coverage and the period within which an Employer must notify the Plan Administrator of a qualifying event starts upon the occurrence of a qualifying event, 44 days after the qualifying event occurs; or
  (c) in the case of a multi-employer plan, no later than 14 days after the end of the period in which Employers must provide notice of a qualifying event to the Plan Administrator.

How to Elect COBRA Continuation Coverage
The COBRA coverage election notice will list the individuals who are eligible for COBRA continuation coverage and inform you of the applicable premium. The notice will also include instructions for electing COBRA continuation coverage. You must notify the Plan Administrator of your election no later than the due date stated on the COBRA election notice. If a written election notice is required, it must be post-marked no later than the due date stated on the COBRA election notice. If you do not make proper notification by the due date shown on the notice, you and your Dependents will lose the right to elect COBRA continuation coverage. If you reject COBRA continuation coverage before the due date, you may change your mind as long as you furnish a completed election form before the due date.

Each qualified beneficiary has an independent right to elect COBRA continuation coverage. Continuation coverage may be elected for only one, several, or for all Dependents who are qualified beneficiaries. Parents may elect to continue coverage on behalf of their Dependent children. You or your spouse may elect continuation coverage on behalf of all the qualified beneficiaries. You are not required to elect COBRA continuation coverage in order for your Dependents to elect COBRA continuation.

How Much Does COBRA Continuation Coverage Cost?
Each qualified beneficiary may be required to pay the entire cost of continuation coverage. The amount may not exceed 102% of the cost to the group health plan (including both Employer and Employee contributions) for coverage of a similarly situated active Employee or family member. The premium during the 11-month disability extension may not exceed 150% of the cost to the group health plan (including both employer and employee contributions) for coverage of a similarly situated active Employee or family member. For example:

If the Employee alone elects COBRA continuation coverage, the Employee will be charged 102% (or 150%) of the active Employee premium. If the spouse or one Dependent child alone elects COBRA continuation coverage, they will be charged 102% (or 150%) of the active Employee premium. If
more than one qualified beneficiary elects COBRA continuation coverage, they will be charged 102% (or 150%) of the applicable family premium.

**When and How to Pay COBRA Premiums**

**First payment for COBRA continuation**

If you elect COBRA continuation coverage, you do not have to send any payment with the election form. However, you must make your first payment no later than 45 calendar days after the date of your election. (This is the date the Election Notice is postmarked, if mailed.) If you do not make your first payment within that 45 days, you will lose all COBRA continuation rights under the Plan.

**Subsequent payments**

After you make your first payment for COBRA continuation coverage, you will be required to make subsequent payments of the required premium for each additional month of coverage. Payment is due on the first day of each month. If you make a payment on or before its due date, your coverage under the Plan will continue for that coverage period without any break.

**Grace periods for subsequent payments**

Although subsequent payments are due by the first day of the month, you will be given a grace period of 30 days after the first day of the coverage period to make each monthly payment. Your COBRA continuation coverage will be provided for each coverage period as long as payment for that coverage period is made before the end of the grace period for that payment. However, if your payment is received after the due date, your coverage under the Plan may be suspended during this time. Any providers who contact the Plan to confirm coverage during this time may be informed that coverage has been suspended. If payment is received before the end of the grace period, your coverage will be reinstated back to the beginning of the coverage period. This means that any claim you submit for benefits while your coverage is suspended may be denied and may have to be resubmitted once your coverage is reinstated. If you fail to make a payment before the end of the grace period for that coverage period, you will lose all rights to COBRA continuation coverage under the Plan.

**You Must Give Notice of Certain Qualifying Events**

If you or your Dependent(s) experience one of the following qualifying events, you must notify the Plan Administrator within 60 calendar days after the later of the date the qualifying event occurs or the date coverage would cease as a result of the qualifying event:

- Your divorce or legal separation;
- Your child ceases to qualify as a Dependent under the Plan;
- The occurrence of a secondary qualifying event as discussed under “Secondary Qualifying Events” above (this notice must be received prior to the end of the initial 18- or 29-month COBRA period).

(Also refer to the section titled “Disability Extension” for additional notice requirements.)

Notice must be made in writing and must include: the name of the Plan, name and address of the Employee covered under the Plan, name and address(es) of the qualified beneficiaries affected by the qualifying event; the qualifying event; the date the qualifying event occurred; and supporting documentation (e.g., divorce decree, birth certificate, disability determination, etc.).

**Newly Acquired Dependents**

If you acquire a new Dependent through marriage, birth, adoption or placement for adoption while your coverage is being continued, you may cover such Dependent under your COBRA continuation coverage. However, only your newborn or adopted Dependent child is a qualified beneficiary and may continue COBRA continuation coverage for the remainder of the coverage period following your early termination of COBRA coverage or due to a secondary qualifying event. COBRA coverage for your Dependent spouse and any Dependent children who are not your children (e.g., stepchildren or grandchildren) will cease on the date your COBRA coverage ceases and they are not eligible for a secondary qualifying event.

**COBRA Continuation for Retirees Following Employer’s Bankruptcy**

If you are covered as a retiree, and a proceeding in bankruptcy is filed with respect to the Employer under Title 11 of the United States Code, you may be entitled to COBRA continuation coverage. If the bankruptcy results in a loss of coverage for you, your Dependents or your surviving spouse within one year before or after such proceeding, you and your covered Dependents will become COBRA qualified beneficiaries with respect to the bankruptcy. You will be entitled to COBRA continuation coverage until your death. Your surviving spouse and covered Dependent children will be entitled to COBRA continuation coverage for up to 36 months following your death. However, COBRA continuation coverage will cease upon the occurrence of any of the events listed under “Termination of COBRA Continuation” above.
Trade Act of 2002
The Trade Act of 2002 created a new tax credit for certain individuals who become eligible for trade adjustment assistance and for certain retired Employees who are receiving pension payments from the Pension Benefit Guaranty Corporation (PBGC) (eligible individuals). Under the new tax provisions, eligible individuals can either take a tax credit or get advance payment of 65% of premiums paid for qualified health insurance, including continuation coverage. If you have questions about these new tax provisions, you may call the Health Coverage Tax Credit Customer Contact Center toll-free at 1-866-628-4282. TDD/TYY callers may call toll-free at 1-866-626-4282. More information about the Trade Act is also available at www.doleta.gov/tradeact/2002act_index.cmf.

In addition, if you initially declined COBRA continuation coverage and, within 60 days after your loss of coverage under the Plan, you are deemed eligible by the U.S. Department of Labor or a state labor agency for trade adjustment assistance (TAA) benefits and the tax credit, you may be eligible for a special 60 day COBRA election period. The special election period begins on the first day of the month that you become TAA-eligible. If you elect COBRA coverage during this special election period, COBRA coverage will be effective on the first day of the special election period and will continue for 18 months, unless you experience one of the events discussed under “Termination of COBRA Continuation” above. Coverage will not be retroactive to the initial loss of coverage. If you receive a determination that you are TAA-eligible, you must notify the Plan Administrator immediately.

Conversion Available Following Continuation
If your or your Dependents’ COBRA continuation ends due to the expiration of the maximum 18-, 29- or 36-month period, whichever applies, you and/or your Dependents may be entitled to convert to the coverage in accordance with the Medical Conversion benefit then available to Employees and the Dependents. Please refer to the section titled “Conversion Privilege” for more information.

Interaction With Other Continuation Benefits
You may be eligible for other continuation benefits under state law. Refer to the Termination section for any other continuation benefits.

Notice of an Appeal or a Grievance
The appeal or grievance provision in this certificate may be superseded by the law of your state. Please see your explanation of benefits for the applicable appeal or grievance procedure.

If you are not satisfied with the results of a coverage decision, you can start the appeals procedure.
Appeals Procedure
CG has a two step appeals procedure for coverage decisions. To initiate an appeal, you must submit a request for an appeal in writing within 365 days of receipt of a denial notice. You should state the reason why you feel your appeal should be approved and include any information supporting your appeal. If you are unable or choose not to write, you may ask to register your appeal by telephone. Call or write to us at the toll-free number or address on your Benefit Identification card, explanation of benefits or claim form.

Level One Appeal
Your appeal will be reviewed and the decision made by someone not involved in the initial decision. Appeals involving Medical Necessity or clinical appropriateness will be considered by a health care professional.

For level one appeals, we will respond in writing with a decision for a required preservice or concurrent care coverage determination (decision). We will respond within 30 calendar days after we receive an appeal for a postservice coverage determination. If more time or information is needed to make the determination, we will notify you in writing to request an extension of up to 15 calendar days and to specify any additional information needed to complete the review.

You may request that the appeal process be expedited if, (a) the time frames under this process would seriously jeopardize your life, health or ability to regain maximum function or in the opinion of your Physician would cause you severe pain which cannot be managed without the requested services; or (b) your appeal involves nonauthorization of an admission or continuing inpatient Hospital stay. CG's Physician reviewer, in consultation with the treating Physician will decide if an expedited appeal is necessary. When an appeal is expedited, we will respond orally with a decision within 72 hours, followed up in writing.

Level Two Appeal
If you are not fully satisfied with the decision of CG's level one appeal decision, you may request a second review. To start a level two appeal, follow the same process required for a level one appeal.

For level two appeals we will acknowledge in writing that we have received your request and schedule a Committee review. For required preservice and concurrent care coverage determinations, the Committee review will be completed within 15 calendar days. For postservice claims, the Committee review will be completed within 30 calendar days.

You may request that the appeal process be expedited if, (a) the time frames under this process would seriously jeopardize your life, health or ability to regain maximum function or in the opinion of your Physician would cause you severe pain which cannot be managed without the requested services; or (b) your appeal involves nonauthorization of an admission or continuing inpatient Hospital stay. CG's Physician reviewer, in consultation with the treating Physician will decide if an expedited appeal is necessary. When an appeal is expedited, we will respond orally with a decision within 72 hours, followed up in writing.

Independent Review Procedure
If you are not fully satisfied with the decision of CG's level two appeal review regarding your Medical Necessity or clinical appropriateness issue, you may request that your appeal be referred to an Independent Review Organization. The Independent Review Organization is composed of persons who are not employed by CIGNA HealthCare or any of its affiliates. A decision to use the voluntary level of appeal will not affect the claimant's rights to any other benefits under the plan.

There is no charge for you to initiate this independent review process. CG will abide by the decision of the Independent Review Organization.
In order to request a referral to an Independent Review Organization, certain conditions apply. The reason for the denial must be based on a Medical Necessity or clinical appropriateness determination by CG. Administrative, eligibility or benefit coverage limits or exclusions are not eligible for appeal under this process.

To request a review, you must notify the Appeals Coordinator within 180 days of your receipt of CG's level two appeal review denial. CG will then forward the file to the Independent Review Organization. The Independent Review Organization will render an opinion within 30 days. When requested and when a delay would be detrimental to your condition, as determined by CG's Physician reviewer, the review shall be completed within three days.

The Independent Review Program is a voluntary program arranged by CG.

If your plan is governed by ERISA, you have the right to bring a civil action under Section 502(a) of ERISA if you are not satisfied with the outcome of the Appeals Procedure. In most instances, you may not initiate a legal action against CG until you have completed the Level One and Level Two Appeal processes. If your Appeal is expedited, there is no need to complete the Level Two process prior to bringing legal action.

CG may require such proof at least once each year until the end of the calendar year in which he attains age 30;

A child includes a legally adopted child, including that child from the date of placement in the home or from birth provided that a written agreement to adopt such child has been entered into prior to the birth of such child. Coverage for a legally adopted child will include the necessary care and treatment of an Injury or a Sickness existing prior to the date of placement or adoption. A child also includes a foster child or a child placed in your custody by a court order from the date of placement in the home. Coverage is not required if the adopted or foster child is ultimately not placed in your home. It also includes:

- a stepchild who lives with you, or a child for whom you are the legal guardian;
- a child born to an insured Dependent child of yours until such child is 18 months old.

If your Domestic Partner has a child who lives with you, that child will also be included as a Dependent.

- is not a blood relative any closer than would prohibit legal marriage; and
- has signed jointly with you, a notarized affidavit which can be made available to CG upon request.

In addition, you and your Domestic Partner will be considered to have met the terms of this definition as long as neither you nor your Domestic Partner:

- has signed a Domestic Partner affidavit or declaration with any other person within twelve months prior to designating each other as Domestic Partners hereunder;
- is currently legally married to another person; or
- has any other Domestic Partner, spouse or spouse equivalent of the same or opposite sex.

You and your Domestic Partner must have registered as Domestic Partners, if you reside in a state that provides for such registration.

The section of this certificate entitled "COBRA Continuation Rights Under Federal Law" will not apply to your Domestic Partner and his or her Dependents.

Emergency Services

Emergency services are medical, psychiatric, surgical, Hospital and related health care services and testing, including ambulance service, which are required to treat a sudden, unexpected onset of a bodily Injury or serious Sickness which could reasonably be expected by a prudent layperson to result in serious medical complications, loss of life or permanent impairment to bodily functions in the absence of immediate medical attention. Examples of emergency situations include uncontrolled bleeding, seizures or loss of consciousness, shortness of breath, chest pains or severe squeezing sensations in the chest, suspected overdose of medication or poisoning, sudden paralysis or slurred speech, burns, cuts and broken bones. The symptoms that led you to believe you needed emergency care, as coded by the provider and recorded by the Hospital on the UB92 claim form, or its successor, or the final diagnosis, whichever reasonably indicated an emergency medical condition, will be the basis for the determination of coverage, provided such symptoms reasonably indicate an emergency.
