The Clery Act

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, more commonly known as the Clery Act, requires colleges and universities to:

- publish an annual report every year by October 1 that contains three years of campus crime and fire safety statistics and certain campus security policy statements

- disclose crime statistics for the campus, public areas immediately adjacent to or running through the campus, and certain noncampus facilities and remote classrooms. The statistics must be gathered from campus police or security, local law enforcement, and other College officials who have “significant responsibility for student and campus activities”

- provide “timely warning” notices of those crimes that have occurred and pose an ongoing “threat to students and employees”

- issue an emergency notification, upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on campus

- disclose in a public crime log “any crime that occurred on campus . . . or within the patrol jurisdiction of the campus police or the campus security department and is reported to the campus police or security department”

- and maintain in a public fire log a record of any fire that occurred in an on-campus student housing facility.
Timely Warning Notices: Campus Safety Alerts and Crime Alerts

The Department of Public Safety will issue a crime alert for any serious incident that constitutes an ongoing or continuing threat to the Hillsborough Community College community when there are enough details known about the crime to provide useful information to the community. Alerts are routinely posted in the lobbies of academic buildings, College apartment housing locations, and on the Public Safety website. They are also e-mailed to appropriate groups based upon the nature of the alert.

Emergency Text Messaging

The Department of Public Safety will respond to all reports of emergencies or dangerous situations on campus. Upon confirmation by Public Safety representatives of an emergency or dangerous situation involving an imminent threat to the health or safety of students or employees, Public Safety officials will request and coordinate the response of additional resources, where necessary, and make appropriate notifications. The College will, without delay, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of the Emergency Management Operations Team, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. Specifically, Student Administrative Services, assisted by Public Safety, will determine the appropriate segment or segments of the campus to receive the notification; determine the content of the notification including recommendations to shelter in place, evacuate a facility, avoid portions of the campus, or other appropriate.

Daily Crime and Fire Log

The College maintains public crime and fire logs at the Public Safety Dispatch Center. Criminal acts reported to Public Safety or an addition to an existing entry in the log will be entered into the crime log within two business days unless that disclosure is prohibited by law or would jeopardize the confidentiality of the victim.
Emergency Preparedness

The Department of Public Safety is part of the College’s Emergency Management Operations Team (EMOT). This group is comprised of Public Safety command staff and senior managers from various departments within Hillsborough Community College, who meet regularly to develop and practice the implementation of emergency plans, including disaster response and evacuation through annually scheduled drills that test one or more emergency procedural operations. This multidisciplinary approach is an important part of the College’s emergency response and business continuity plans.

The Department of Public Safety

About Us

Hillsborough Community College is committed to providing a safe learning and work environment for its students and employees. Public Safety personnel are present at all campuses and provide support to all college locations. Each campus public safety office maintains a lost-and-found locker. The department also provides on-call escort service for students, faculty, and staff.

Mission and Values Statement

The Department of Public Safety’s mission is to serve and protect the HCC community; assist students; faculty, staff and visitors in their involvement with Hillsborough Community College; secure and protect the College physical plant at all campuses and facilities; and enforce all applicable federal, state and local statues.

Public Safety Campus Operations

The Department of Public Safety is staffed by approximately 35 full-time, 25 part time security officers, 1 Department of Public Safety Training officer, 3 uniformed supervisors licensed by the State of Florida; 6 Dispatchers and 1 Parking Services personnel. These officers are not sworn and do not carry firearms, nor do they have police powers. Public Safety Officers are assigned to both fixed and mobile posts. Patrols are conducted in marked and unmarked vehicles, on foot, and on bicycle.
Interagency Cooperation

HCC Department of Public Safety enjoys the support and cooperation of local government law enforcement agencies and private organizations dedicated to security.

TPD

The Department of Public Safety maintains an excellent relationship with the local police precincts, with which we share crime prevention strategies and local crime information. There is a written memorandum of understanding between TPD and the College for the investigation of criminal offenses. The police also help to maintain a safer campus by providing extra coverage for special events that attract large crowds. Security patrolling and safety monitoring by local police precincts also extend to College-recognized off-campus student housing. The Department of Public Safety also regularly confers with the precincts to control criminal activity around College property.

Reporting Criminal Incidents

We encourage all students, employees, and guests to report criminal incidents, accidents, and other emergencies promptly to the Department of Public Safety Dispatch Center at 813-253-7911, or to local law enforcement agencies, either by phone at 911 or in person. Additionally, incidents can be reported to any uniformed Public Safety officer. A crime victim who does not wish to pursue action within the College system or the criminal justice system may still file a report describing the details of the incident without revealing his/her identity in the public crime log or on a DPS Incident Report. The College has emergency two-way call boxes (Blue Light phones) around all campuses and their vicinities for use during emergencies. By pressing the red button on the stations, users are immediately connected with the appropriate Department of Public Safety Dispatch Center. The Department of Public Safety vigorously investigates all reports of crimes. This includes confidential (where the reporting parties’ names are known but not released) and anonymous (where the reporting parties’ names are not known) reports. Public crime logs containing the time, date, and locations of all reported incidents are maintained at DPS Dale Mabry campus. Information from crime reports is analyzed to identify emerging crime trends and allocate resources more efficiently.
Missing Student Notification

Hillsborough Community College takes student safety very seriously. To this end, the following policy has been established concerning students who live in College-owned campus housing who, based on the facts and circumstances known at the time to College officials, are presumed to be missing.

Most missing person reports in the college environment result from students changing their routines without informing roommates and/or friends of the change. For the purposes of this policy, a student will be considered missing if a roommate, classmate, faculty member, friend, family member or other campus person has not seen or heard from the person in a reasonable amount of time. In general, a reasonable amount of time is 24 hours but may vary with the time of day and information available regarding the missing person's daily schedule, habits and reliability.

Individuals will also be considered missing immediately if their absence has occurred under circumstances that are suspicious or cause concerns for their safety.

Purpose

This policy establishes College standards and procedures for notifying law enforcement, parents or guardians, and student-identified contacts when a student who resides in College housing is reported as missing or has been determined to be missing. This policy applies to students who reside in campus housing. This policy applies to "missing persons".

Missing Person

For purposes of this policy, a student may be considered to be a "missing person" if the person's absence is contrary to his/her usual pattern of behavior and/or unusual circumstances may have caused the absence. Such circumstances could include, but not be limited to, a report or suspicion that the missing person may be the victim of foul play, has expressed suicidal thoughts, is drug dependent, is in a life-threatening situation, or has been with persons who may endanger the student's welfare.

Student Disclosures

Prior to occupying College housing, students will be informed of the following:

1. The College will notify the Department of Public Safety if a student is reported missing;
2. Students may identify a person to be contacted by the College not later than 24 hours after the time that the student is determined missing in accordance with the official notification procedures;
3. The College is required to immediately notify a custodial parent or guardian if a student, who is under 18 years of age and not an emancipated individual, is determined to be missing; and
4. The College is required to notify law enforcement no later than 24 hours after the time that the student is determined to be missing.

Confidential Contacts

Prior to occupying College housing, students will be given the opportunity to designate an individual or individuals to be contacted by the College in the event that the student is determined to be missing (per the policy). A designation will remain in effect until changed or revoked by the student. The emergency contact information will be treated as confidential. Only authorized campus officials and law enforcement officers in furtherance of a missing person investigation will have access to the confidential contact information and it will not be disclosed to others.

RE: Emergency Contact Information & Safety Updates

EMERGENCY CARDS:

Recent legislative and procedural updates at HCC require that all Hawks Landing residents be offered the opportunity to register emergency information at the Town Hall desk of Hawks Landing.

The emergency cards will be kept in a secure and confidential manner where such information will only be utilized in the event of an emergency and made available to access to staff and emergency personnel. An example of such emergencies may be fire, unconscious transport the hospital, or missing person. Having such information on file also allows the HCC and Hawks Landing staffs, security, law enforcement, fire, and emergency medical personnel to have access to vital information that may be important. This includes self-disclosed information such as allergies to medications or other medical history information that may be vital if you need to be treated for an injury or medical condition and can't speak for yourself.

Also, we will not assume that in the event of an emergency that you want us to contact a parent or guarantor. It is your decision to tell us who you want to be contacted in the event of an emergency. We recognize there may be people who are closer to you locationally and/or emotionally than those who may be listed in your files. You tell us who would need to know if there was an emergency with you.

*Please take the time to come by the Town Hall desk to complete an emergency card.* We will also be asking you as you enter the property and throughout the coming weeks if you have completed a card. We appreciate your assistance as we work on completing this project.

EMERGENCY CONTACTS:

If you need assistance at any time, 24-hours a day, the on-site Hawks Landing security staff can be reached at 813-377-5177. HCC's Department of Public Safety is available 24-hours a day at 813-253-7911. As well, the 24-hour blue light phones on the Hawks Landing property and throughout the HCC campus are directly wired to Tampa's 911 system. Remember dialing 911 on your cell phone can cause a delay in response if you
have an emergency, so using a blue phone or calling 911 from a 813 exchange may mean faster response!

**HAWK ALERT:**

We also recommend that you sign up for Hawk Alert - the 24-hour emergency notification system. Hawk Alert will send you a text message with vital information regarding on-campus emergencies and/or campus closures due to an emergency or inclement weather. Especially during Hurricane Season, Hawk Alert can be vital! Go to [http://www.hccfl.edu/alerts](http://www.hccfl.edu/alerts) to sign up today.

**GENERAL:**

In general, take control of your own personal safety. Lock your door when you leave your room and/or apartment. Carry your keys and ID. Note strangers and/or odd behaviors and notify Security staff. Do not tamper with Fire safety equipment. You know what to do, just remember that Hawks Landing is not immune to safety issues - but the more we all take control of our own safety and look out for the community as a whole, the safer we will become.
