- Share desktop and files online

### Office Web Apps
- Save and edit documents in the cloud
- Write and edit with groups
- Capture comments and changes on one doc
- Documents are fully compatible with Office Suite or Office Web Apps

### Why the Move to Office365?
HCC is moving to Office 365 because it provides free email, websites, online document editing and storage, Instant Messaging (IM) and video conferencing to deliver great learning experiences. This change will save HCC more than $150,000 a year while providing more reliable cloud-based tools for students to connect with one another, faculty and staff.

### Mark Your Calendars
HawMail365, powered by Office365, will officially launch on **July 22, 2013** for students. Click here to find out what you need to do to be ready.

### Mobile Device Support
Have a mobile smart device you want to connect to Office 365? Click on the images below to take it on the go.
