ADVISING GUIDES

The Advising Guides were created to assist students in fulfilling degree requirements for their chosen major. The Guides should be used in conjunction with the catalog and other College resources and are meant to supplement the advising process. Students who plan to transfer should contact the college where they intend to transfer to determine appropriate coursework. All students should meet with an Academic Advisor or Counselor to discuss their academic plans.

Please Note: To view the Advising Guides, you must have Adobe Acrobat Reader 6.0 or higher (version 8.1 is preferred). You can easily download a free copy at the Acrobat website: http://www.adobe.com/products/acrobat/readstep2.html

Once you open a document, remember to click the Adobe icon in the Adobe toolbar for the alphabetical listing of Advising Guides.
