**South University
UNDERGRADUATE STUDIES
Articulation Agreement with Hillsborough Community College**

Begin Date: June 01, 2012

End Date: June 30, 2013

In a continuing effort to serve the educational needs of students and working professionals, Hillsborough Community College agrees to enter into an articulation agreement with South University. This agreement is designed to provide a seamless transition process for those students advancing from the Associate of Science degree into a Bachelor's degree program.

South University offers bachelor degrees in areas such as Business, Criminal Justice, Graphic Design, Health Science, Healthcare Management, Information Technology, Legal Studies, Nursing, and Psychology. South University and Hillsborough Community College will develop a transfer guide (attached) that identifies how transferring an associate degree applies to requirements of existing bachelor degree programs.

Articulation Agreement

South University and Hillsborough Community College hereby enter into the following agreement:

- South University and Hillsborough Community College will draft a course transfer guide, as an addendum to this agreement, which identifies the Criminal Justice degree program courses which satisfy specific course, general education or unrestricted elective requirements at South University.
- This transfer guide needs periodic modification as both institutions routinely update curriculum.
- Students must meet the admission and bachelor degree requirements for the academic year in which they are admitted. Please refer to the South University academic catalog <http://southuniversity.edu> for complete admissions and program requirements.
- Interested students are invited to contact the Admissions Department at South University for assistance.

Intellectual Property

South University and Hillsborough Community College remain the sole owners of all rights to its respective name, trade names, trademarks, service marks, trade secrets, patents, copyrights, logos, and other intellectual property rights, as they now exist or as they may be modified in the future by either party (collectively, the "Intellectual Property Rights"). Either party has only the right to use intellectual property in connection with the performance of this Agreement.

SouthUniversity

Material or content, regardless of medium, which is used by the other party, jointly developed between the parties, or developed by one party on behalf of the other may be used only for advancing the purposes of this Agreement while it is in effect and only with both parties' consent. The parties must notify the other of their process for obtaining consent and approvals of marketing materials. Unless otherwise specifically stated in this Agreement, any Intellectual Property Rights shared between the parties for advancing the purposes of this Agreement are treated as confidential and proprietary information by the receiving party.

Each party acknowledges that the unauthorized use of the other party's Intellectual Property Rights would cause irreparable harm to the other party. This provision shall survive termination of the Agreement.

Marketing Responsibilities

Hillsborough Community College and South University will work together to specify the appropriate venues for which South University personnel can communicate information related to South University. Such communication may include informational meetings, updates, announcements, and in-person meetings with prospective students. Each party is responsible for its own costs regarding its marketing responsibility. Hillsborough Community College will coordinate with South University to assure that up-to-date program information is available to students and agrees the Course Transfer Guide may be published by each party.

Termination and Modification

This articulation agreement has a clearly defined begin and end date. This articulation agreement may be renewed, and is subject to change or modification by mutual written consent between the parties. This agreement is effective upon the signature by appropriate officers of Hillsborough Community College and South University, and may be terminated by either party upon written notice.

Non-Discrimination

South University and Hillsborough Community College share mutual responsibility to comply with federal, state, and local laws, including, but not limited to, the Civil Rights Act of 1974, as amended, that are applicable to activities carried out under this agreement. The parties agree not to engage in unlawful discrimination on the grounds of race, color, national or ethnic origin, gender, marital status, religion, handicap, political affiliation, age, or any other basis as prescribed by law.

Notice, Demands, and Requests

All notices, demands, requests, and communications required shall be in writing and shall be deemed to have been given when delivered or mailed to the designated contact officers.

SouthUniversity

Signatures of Responsible Authorities

The undersigned hereby agree to all provisions of this agreement. This agreement is understood to be complete. Other cooperative agreements between the parties require separate negotiation and acceptance.
