RULE

The District Board of Trustees authorizes and directs the President or his or her designee to establish, publish, collect, and budget student fees, and to establish dates for paying such fees. These dates shall be no later than the last day of the drop/add period for the term in which the fee is being assessed. Student fee amounts shall be within the limits authorized by the State Board of Education.

All student fees and charges shall be approved by the Board of Trustees and comply with Florida Statutes. A schedule of student fees and charges shall be updated following Board action and published on the College's website.

Student fees will be reviewed and where necessary, updated annually. User fees, such as lab fees, may be established to recover the costs associated with programs or services such as consumable supplies, materials, equipment, instruction, and/or facilities.
