

IGNITE at HCC

What is IGNITE?

IGNITE is a new program between Florida Agricultural and Mechanical University (FAMU) and several Florida College System institutions, including HCC.

IGNITE is designed to provide seamless pathways to get both an associate in arts degree at HCC and a bachelor degree from FAMU.

Students who meet the criteria of the program are identified, co-advised and tracked as IGNITE students.

Successful completion of the IGNITE program guarantees admission into a specified major at FAMU upon completion of the AA degree.

IGNITE Benefits

- Guaranteed acceptance into certain majors if criterion are met.
- Personalized advising (HCC and FAMU IGNITE advisors).
- Priority course registration.
- Access to workshops and student activities.
- Smooth transition into FAMU.
- Transfer scholarship.
