Faculty and Staff may seek services from in-network and out-of-network providers. Notice Regarding Go365 Wellness Program

Humana Go365 rewards program is a voluntary wellness program available to those employees participating in the Hillsborough Community College Health Benefit Plan. The Humana Go365 rewards program is administered according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others. If you choose to participate in the wellness program, you will be asked to complete a voluntary health risk assessment or "HRA" that asks a series of questions about your health-related activities and behaviors and whether you have or had certain medical conditions (e.g., cancer, diabetes, or heart disease). You will be asked to complete a biometric screening, which will include a blood test for HDL, LDL, Total cholesterol, TC ratio, Triglycerides, and glucose levels. However, you are not required to complete the health risk assessment or to participate in the Biometric screenings or any other medical examinations.

Employees who choose to participate in the wellness program will receive an incentive of reward points for the purchase of gift cards, Fitbits and other prizes through the Go365 mall. HCC may also provide a reward. Although you are not required to complete the HRA or participate in the biometric screening, only employees who do so will receive Go365 points and rewards.

Additional incentives may be available for employees who participate in certain health-related activities or achieve certain program status such as Silver Status. If you are unable to participate in any of the health-related activities or achieve any of the program statuses required to earn an incentive, you may request a reasonable accommodation or an alternative standard by contacting the member service number located on the back of your medical ID card, to speak with a representative from the Go365 program. You may discuss an alternate activity if it is unreasonably difficult for you to reach certain goals due to your medical condition; or your qualified practitioner advises you not to take part in the activities presented to reach certain goals. The rewards program administrator or Humana may require proof in writing from your qualified practitioner that your medical condition prevents you from taking part in the available activities.

The information obtained from your health risk assessment and the results from your biometric screening will provide you with information to help you understand your current health and potential risk. and may also be used to offer you services through the wellness program, such as health programs offered through Humana which are tailor-made for your needs including personal health coaching, Humana Beginnings (following your baby's development) and Humana Achieve (helping you improve your health with a chronic condition). You also are encouraged to share your results or concerns with your own doctor.

Protections from Disclosure of Medical Information

We are required by law to maintain the privacy and security of your personally identifiable health information. The Go365 rewards program and HCC Health Benefit Plan may use aggregate information collected to design a program based on identified health risks in the workplace. The rewards program will never disclose any of your personal information either publicly or to HCC, except as necessary to respond to a request from you for a reasonable accommodation needed to participate in the wellness program, or as expressly permitted by law. Medical information that personally identifies you that is provided in connection with the wellness program will not be provided to your supervisors or managers and may never be used to make decisions regarding your employment.

Your health information will not be sold, exchanged, transferred, or otherwise disclosed except to the extent permitted by law to carry out specific activities related to the wellness program, and you will not be asked or required to waive the confidentiality of your health information as a condition of participating in the wellness program or receiving an incentive. Anyone who receives your information for purposes of providing you services as part of the wellness program will abide by the same confidentiality requirements. The only individual(s) who will receive your personally identifiable health information is Humana Go365 rewards program, and Health and Wellness Professionals, Inc. (Biometric Screening Vendor) in order to provide you with services under the wellness program.

In addition, all medical information obtained through the wellness program will be maintained separate from your personnel records, information stored electronically will be encrypted, and no information you provide as part of the wellness program will be used in making any employment decision. Appropriate precautions to avoid any data breach are taken at Humana, and in the event a data breach occurs involving information you provide in connection with the wellness program, we will notify you immediately.

HCC will not discriminate against any employee due to the medical information you provide as part of participating in the wellness program, nor may you be subjected to retaliation if you choose not to participate.

If you have questions or concerns regarding this notice, or about protections against discrimination and retaliation, please contact Michele Schulte, at 813-253-7039.

Health Savings Account (HSA)

A Health Savings Account (HSA) is a tax-exempt savings vehicle used to accumulate money for eligible health care expenses. Your HSA may be used to pay for health care expenses as they occur, or the funds may remain in your account until you need them later in life. This plan is managed through **HealthEquity**, however you must individually monitor your contribution amount to not exceed the IRS determined limits. Contribution to a HSA is optional. The money you contribute may be used to pay for qualified medical, dental, and vision expenses.

ELIGIBILITY CRITERIA

- Be covered by an HDHP
- Not be covered by other health coverage that is not an HDHP (with certain exceptions)
- Not be enrolled in Medicare
- Not be eligible to be claimed as a dependent on another person's tax return

CONTRIBUTION AMOUNTS:

2022 H.S.A. IRS Maximum Limits

- Single Coverage: \$3,650
- Family Coverage: \$7,300
- (\$1,000 catch-up if age 55+)

WATCH VIDEO:

HSA Spend, save and invest in your healthcare

MONTHLY ACCOUNT FEES

While enrolled in an HDHP with HSA as an active, benefits-eligible employee, HCC will cover monthly account service fees. If you are no longer enrolled in this option, your account will be converted to an individual account and you will be responsible for all fees.

MEDICARE

Starting at age 65, account owners may take penalty-free distributions for any reason. However, to be tax-free, withdrawals must be for **qualified medical expenses**.

The IRS prohibits an individual from contributing to a health savings account IF:

- Individual is 65 or older who has filed for retirement benefits through the Social Security Administration Office
- Individual who is enrolled in Medicare Part A or B

IMPORTANT: Due to the Social Security Administration Office making retirement benefits retroactively for 6 months prior to an individual application, it is your responsibility to make sure you stop making your HSA contributions at least 6 months prior to applying for Social Security.

P.O. Box Address/Account Verification under the U.S. Patriot Act: If you currently have a P.O. Box listed with HCC as your main address and try to enroll in a HSA, your account will NOT BE SET UP. For security purposes. Health Equity must have a physical address on file. Be sure that HCC Human Resources has your physical address on file BEFORE enrolling. Under the U.S. Patriot Act, all accounts are reviewed before opening. You may be required to provide additional identity verification to Health Equity before your account can be finalized. If your account is not verified within 60 days, you will forfeit HCC contributions.

Health Equity

Flexible Spending Accounts (FSA)

With a flexible spending account (FSA), you can set aside tax-free money to pay for eligible expenses. HCC offers two FSAs **through HealthEquity**:

- The Health Care FSA
- The Dependent Care FSA

When you participate in an FSA, you decide how much you want to contribute each plan year. The money you contribute is then taken from your pay before taxes are deducted — this lowers your taxable income, which means lower taxes for you! You're eligible for all FSAs even if you don't elect medical or dental coverage through HCC. **Note:** You are unable to enroll in a Health Care FSA when enrolled in a HSA.

HEALTH CARE FSA

Health Care FSA expenses are limited to \$2,850 per plan year with any remaining funds forfeited at the end of the year.

DEPENDENT CARE FSA

For the Dependent Care FSA, you generally can contribute up to \$5,000 each year per household. This FSA can be used to cover expenses for the care of an eligible dependent (a child or a dependent adult), such as nursery or day care costs, so you and your spouse (if you're married) can work or look for work.

WATCH VIDEO:
FSA: A flexible way to save

ELIGIBLE DEPENDENTS

Dependents (must live in your home at least 8 hours everyday) include:

- Children under Age 13
- Spouse or legal dependent of any age (must be physically or medically incapable of self-care)

****CANNOT be used for domestic partner or domestic partner's children****

Dependent Care Eligible Expenses:

- Child or Adult care center that complies with State and Local Regulations (NOT including nursing homes)
- Sitter inside or outside of the home
- Daycare during school vacation (provided it is not primarily for education purposes)
- Nursery School
- Relative who cares for eligible dependents (relative cannot be your dependent and must be at least age 19)

****CANNOT be used for healthcare expenses****

IMPORTANT!

As with any great tax break, there are a few important rules for FSAs, so make sure to review the information from the IRS (https://www.irs.gov/pub/irs_pdf/p969.pdf) before you enroll.

FSAs come with a "use it or lose it" rule. You need to use all the funds in your FSA during the plan year or you'll forfeit any remaining funds. HCC does allow you to incur services through August 15th if you submit the claim by September 30th. So, please be sure to plan carefully!

Medical Insurance Terms

Accident Insurance - Coverage paid to you if you are accidentally injured.

AD&D - Benefit that is paid due to accidental death or dismemberment. Dismemberment includes loss of body parts or functions (ex: limbs, eyesight, or hearing)

Benefit - The amount of money (or other types of compensation, such as wellness credits) you receive from an insurance carrier.

Coinsurance - The amount you pay for services after you meet your deductible. For example, your coinsurance might be 20% of the total charge, while your insurance company pays the other 80%.

Copay - A flat fee you pay for health care services; your insurer pays the balance.

Critical Illness Insurance - Insurance coverage that pays you cash if you are diagnosed with a specific illness covered by your plan such as heart attack or stroke.

Deductible - The amount you'll pay toward medical expenses before your insurer begins to pay for them.

Dependent - A qualifying child, spouse or domestic partner, who relies on you for financial support.

Disability Insurance - Cash paid to you by your insurance company in the event that an illness or accidental injury causes you to be out of work for a certain amount of time.

Evidence of Insurability (EOI) - is a record of a person's past and current health events. It's used by insurance companies to verify whether a person meets the definition of good health to be approved for coverage.

Health Savings Account (HSA) - A tax-advantaged financial account set up through your employer that allows you to set aside a portion from your paycheck to be used for qualifying medical expenses such as prescriptions, deductibles, and copays. HSAs are only offered in conjunction with qualified high-deductible health plans. Money deducted from pay into an HSA is not subject to taxes.

High Deductible Health Plan (HDHP) - A plan with a higher deductible than a traditional insurance plan. The monthly premium is usually lower, but you pay more health care costs yourself before the insurance company starts to pay its share (your deductible). A high deductible plan (HDHP) can be combined with a health savings account (HSA), allowing you to pay for certain medical expenses with money free from federal taxes.

Hospital Indemnity Insurance - Coverage that pays out a set amount for a designated period of time (day, week, month or visit) spent in the hospital due to sickness or injury

Life Insurance - A specific amount of money paid to designated beneficiaries in the event of the insured person's death.

Open Enrollment - A period of time (usually a few days to a few weeks) in which companies allow employees to choose their insurance coverage for the coming year.

Out-of-Pocket Maximum - The highest amount you'll pay toward medical expenses in a year including deductibles, copays, and coinsurance. This does not apply to your monthly premiums deducted from your paycheck. If the out-of-pocket-maximum is met, any further qualified expenses will be 100% covered by the insurance company for the remainder of the year.

Premium - The specified amount of money you'll pay monthly (deducted from your salary each pay period) in exchange for insurance coverage.

Important Notices

Continuation Coverage Rights under COBRA

You are receiving this notice because you have recently become covered under a group health plan (the Plan). This notice contains important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. **This notice generally explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect the right to receive it.**

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you when you would otherwise lose your group health coverage. It can also become available to other members of your family who are covered under the Plan when they would otherwise lose their group health coverage. For additional information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

What is COBRA Continuation Coverage?

COBRA continuation coverage is a continuation of Plan coverage when coverage would otherwise end because of a life event known as a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you are an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because either one of the following qualifying events happens:

- Your hours of employment are reduced, or
- Your employment ends for any reason other than your gross misconduct.

If you are the spouse of an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because any of the following qualifying events happens:

- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes entitled to Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because any of the following qualifying events happens:

- The parent-employee dies;
- The parent-employee's hours of employment are reduced;
- The parent-employee's employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes entitled to Medicare benefits (Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the plan as a "dependent child."

When is COBRA Coverage Available?

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. When the qualifying event is the end of employment or reduction of hours of employment, death of the employee, commencement of a proceeding in bankruptcy with respect to the employer or the employee's becoming entitled to Medicare benefits (under Part A, Part B, or both), the employer must notify the Plan Administrator of the qualifying event.

You Must Give Notice of Some Qualifying Events

For the other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 60 days after the qualifying event occurs. You must provide this notice to: Human Resources.

Important Notices

Continuation Coverage Rights under COBRA Continued

How is COBRA Coverage Provided?

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage. When the qualifying event is the death of the employee, the employee's becoming entitled to Medicare benefits (under Part A, Part B, or both), your divorce or legal separation, or a dependent child's losing eligibility as a dependent child, COBRA continuation coverage lasts for up to a total of 36 months. When the qualifying event is the end of employment or reduction of the employee's hours of employment, and the employee became entitled to Medicare benefits less than 18 months before the qualifying event, COBRA continuation coverage for qualified beneficiaries other than the employee lasts until 36 months after the date of Medicare entitlement. For example, if a covered employee becomes entitled to Medicare 8 months before the date on which his employment terminates, COBRA continuation coverage for his spouse and children can last up to 36 months after the date of Medicare entitlement, which is equal to 28 months after the date of the qualifying event (36 months minus 8 months). Otherwise, when the qualifying event is the end of employment or reduction of the employee's hours of employment, COBRA continuation coverage generally lasts for only up to a total of 18 months. There are two ways in which this 18-month period of COBRA continuation coverage can be extended.

Disability extension of 18-month period of continuation coverage

If you or anyone in your family covered under the Plan is determined by the Social Security Administration to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to receive up to an additional 11 months of COBRA continuation coverage, for a total maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of continuation coverage.

Second qualifying event extension of 18-month period of continuation coverage

If your family experiences another qualifying event while receiving 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if notice of the second qualifying event is properly given to the Plan. This extension may be available to the spouse and any dependent children receiving continuation coverage if the employee or former employee dies, becomes entitled to Medicare benefits (under Part A, Part B, or both), or gets divorced or legally separated, or if the dependent child stops being eligible under the Plan as a dependent child, but only if the event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

If You Have Questions

Questions concerning your Plan or your COBRA continuation coverage rights should be addressed to the contact or contacts identified below. For more information about your rights under ERISA, including COBRA, the Health Insurance Portability and Accountability Act (HIPAA), and other laws affecting group health plans, contact the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA) in your area or visit the EBSA website at www.dol.gov/ebsa. (Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's website.)

Keep Your Plan Informed of Address Changes

In order to protect your family's rights, you should keep the Plan Administrator informed of any changes in the addresses of family members. You should also keep a copy, for your records, of any notices you send to the Plan Administrator

Important Notices

HIPAA Special Enrollment Rights Notice

This notice is being provided to make certain that you understand your right to apply for group health insurance coverage. You should read this notice even if you plan to waive health insurance coverage at this time.

Loss of Other Coverage

If you are declining coverage for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage). However, you must request enrollment within 31 days after your or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage).

Example: You waived coverage under this plan because you were covered under a plan offered by your spouse's employer. Your spouse terminates employment. If you notify your employer within 31 days of the date coverage ends, you and your eligible dependents may apply for coverage under this health plan.

Marriage, Birth, or Adoption

If you have a new dependent as a result of a marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 31 days after the marriage, birth, or placement for adoption.

Example: When you were hired, you were single and chose not to elect health insurance benefits. One year later, you marry. You and your eligible dependents are entitled to enroll in this group health plan. However, you must apply within 31 days from the date of your marriage.

Medicaid or CHIP

If you or your dependents lose eligibility for coverage under Medicaid or the Children's Health Insurance Program (CHIP) or become eligible for a premium assistance subsidy under Medicaid or CHIP, you may be able to enroll yourself and your dependents. You must request enrollment within 60 days of the loss of Medicaid or CHIP coverage or the determination of eligibility for a premium assistance subsidy.

Example: When you were hired, your children received health coverage under CHIP and you did not enroll them in this health plan. Because of changes in your income, your children are no longer eligible for CHIP coverage. You may enroll them in this group health plan if you apply within 60 days of the date of their loss of CHIP coverage.
