Radiation Therapy	Nuclear Medicine	
Radiography	Respiratory Care	Spring Term – Sept 15
Sonography		Cardiac Cath
Surgical Tech.		Surgical Tech

HEALTH SCIENCES PROGRAMS APPLICATION CHECKLIST

We appreciate your interest in HCC Health Sciences Programs. You need a *complete application* packet by the program deadline. Applicants must be 18 years old before or by the first day of the Program's/Term start. The checklist below will help you verify and ensure you completed **ALL** the admission requirements before sending your application to Health Sciences Admissions. Use your initials only in the sections that apply to the Program or term you are applying. *Write N/A in the ones that do not apply to you.*

#	ADMISSION REQUIREMENTS	Initial
1	HCC online general admission application: Students who have not attended HCC within the last academic year –three semesters or more— must complete a new college admission application. Recent graduates need an active program code. In addition, it is highly <i>recommended</i> that new students complete an HCC Orientation. Click on <u>Orientation</u> . – <i>International students</i> – Access <u>International Students</u> for admission information. Additional admission requirements might be needed.	
2	Health Sciences Programs application. – <i>If applying to more than one Health Sciences Program, the student must complete an application for each Program.</i>	
3	\$53 Health Sciences application fee: (Non-refundable fee) – Send a copy of the application's payment receipt or picture/print screen with the application. <ul style="list-style-type: none"> For online payment, click here → <u>Pay Online Health Sciences Application</u>. No convenience fee applies. \$10 application fee for the second or additional application form for the exact start term. 	
4	Official high school transcript or GED scores. – Applicants with an awarded college degree (associate, bachelor, or master, etc.) do NOT need to submit an official high school transcript. However, to waive the high school transcript, the student must ensure an official transcript showing degree is received before or by the deadline.	
5	Official transcripts for ALL post-secondary education attended. HCC transcript is not required. If you sent your transcripts, to check if they were received, log in to your student account, Admission & Registration – Transcripts & Documents, or check with the Admissions Office at any of the HCC campuses. <ul style="list-style-type: none"> US college, university, technical institute or center, etc. – All coursework and degrees awarded. Dual Enrollment – A transcript is required for courses completed at a college or university while in high school. Foreign transcripts – An evaluation and translation by an approved service are required. Access <u>www.naces.org</u> to find an evaluation/translation service. If HCC has ALL your transcripts, you do not need to resend them. IMPORTANT: You are responsible for ensuring they are official and up to date. Click → <u>Transcripts</u> for information on how to submit your transcripts. Requiring transcripts with plenty of time is highly recommended to ensure they are received before the deadline. Late transcripts are not considered.	
6	AP, IB, CLEP, or AICE scores, others: Tests completed during high school or college, and the student received college credit. <ul style="list-style-type: none"> Scores showing successful completion of a prerequisite course must be received before or by the program deadline. Students must request the scores with plenty of time to be received by the deadline. For example, testing sources could take about 10-14 days to process your request. Scores/grades listed on transcripts from other academic institutions are not considered official. 	
7	Completion of ALL prerequisite coursework before or by the program deadline. – NEW POLICY– Math and Science prerequisites must be retaken if older than seven (7) years before the deadline. Check Health Sciences Programs Handbook pages 13 and 14 and meets with an academic advisor.	
8	Attendance to Program Information Session – Participation in a Program Information Session is MANDATORY, and submit proof of attendance. Not all the programs require attending a Program Info Session. Check "Specific Programs Requirements" section for the programs who require attending to an Information Session.	
9	English and Math – (Only for Dental Assisting Program) Check the "Specific Programs Requirements" section.	
10	Other requirements to consider: A minimum 2.0 prerequisite and overall GPA for admission do not guarantee entry into the Programs. For example, the Cardiac Cath and Surgical Tech require a minimum 2.8 prerequisite GPA.	

IMPORTANT ADMISSION DETAILS:

Deadline: Complete application packet will be accepted no later than 11:59 pm on the deadline date. Applications missing prerequisites or other requirements or documents received **after the deadline will be late, not considered, and the application will be incomplete for admission.**

Submit your application packet(s): Download the application, complete it, save it in PDF format, and send it as an attachment by email to healthsciences@hccfl.edu. *Do not send the application page by page or save through Sharepoint. Remember to use your HAWKMAIL to send your documents.* No other email is accepted. **The Subject line of your email must have the following: Your name, Student ID, Program(s), and term applying.** Sending your application by email is the preferred and most efficient method to ensure that your documents are received in a timely manner—no drop-off on campus.

Selection criteria: Admission is based on a complete application packet received before or by the program deadline and the calculated prerequisite GPA. Cumulative/overall GPA is the tie-breaker. Qualified students will be ranked and selected in order of highest to lowest prerequisite GPA. Note that meeting the minimum admission requirements does not guarantee admission. **Applications will be incomplete if missing transcripts, fees, prerequisites, test scores, proof of attendance, and licenses, or are received after the deadline.** Recommendation letters, voluntary services, and college degrees are not considered for admission.

Repeating/Withdrawing prerequisite course: (a) NEW POLICY. Math and science prerequisite courses completed more than seven (7) years before the program deadline will expire and must be retaken to apply to a program. It would be best if you visited https://www.hccfl.edu/academics/subjects/health-and-medical/health-sciences-admissions and checked the Health Sciences Programs Handbook, pages 13 and 14. In addition, you may review updated information about retakes, deductions, and first successful attempt policies. (b) Deduction will apply to students with more than two retakes seven years or less prior to the deadline. If you have questions, contact Health Sciences Admissions or meet with an academic advisor.

Communication: **ALL** communication should come and will only be sent to the student's HCC HAWKMAIL, not Canvas, personal email, or mail. It will help you to include your HCC student ID. It is highly recommended students monitor their Hawkmail regularly. The admission status notification will include time-sensitive information; if responses are not received by the deadline, students will jeopardize the opportunity to be admitted to the Program.

HEALTH SCIENCES PROGRAMS APPLICATION

Fill out this application, and be sure to complete all the requirements before or by the program deadline. Missing requirements will make your application incomplete for admission. Remember to always use your Hawkmail.

PROGRAM ENTRY: Applications must be received no later than 11:59 pm on the deadline date. Please select the Health Sciences Program you want to be considered for admission by checking the appropriate box below. Check only one Program. If you wish to apply to more than one Program, you MUST complete a separate application and pay an additional \$10 application fee for each application for the same term.	
January 15 deadline - Summer term (May start) <input checked="" type="checkbox"/> Radiation Therapy Specialist – Temporarily Suspended	June 15 deadline - Fall term (August start) <input type="checkbox"/> Dental Assisting (first come, first served qualified applicants)
February 15 deadline - Fall term (August start) <input type="checkbox"/> Echocardiography <input type="checkbox"/> Radiation Therapy <input type="checkbox"/> Radiography <input type="checkbox"/> Sonography <input type="checkbox"/> Surgical Technology	September 15 deadline - Spring term (January start) <input type="checkbox"/> Cardiac Catheterization (Cardiac Cath) <input type="checkbox"/> Surgical Technology
May 15 deadline – Fall term (August start) <input type="checkbox"/> Dental Hygiene <input type="checkbox"/> Respiratory Care <input type="checkbox"/> Nuclear Medicine	Respiratory Care <i>Transition</i> Program Students interested must contact Mrs. Gina Ricard, Department Chair, at gricard@hccfl.edu before submitting a Health Sciences Programs application.

GENERAL INFORMATION: Personal information provided below will be used for admission —not your personal information listed in HCC records. *Required field.			
*Last name	*First Name	Middle Name	*Student ID #
*Previous name (If any):i	*Date of birth:i (mm/dd/yyyy)	*HAWKMAIL:i	
*Address:i	*City:i	*State:i	*Zipcode:
*Cell phone:i	Home phone:i	Other:	

**Applicants must be 18 years old before or by the first day of the Program's start classes.*

TRANSCRIPTS: List high school, GED, and ALL post-secondary institutions attended, including HCC and out-of-country institution(s).					
Name of College/University	Attendance	Degree	Name of College/University	Attendance	Degree

As an applicant, you are responsible for ensuring that official high school transcript, GED scores, and official transcripts from all post-secondary (college, university, vocational, technical, military) are submitted to HCC or Health Sciences Admissions before or by the program deadline. An official college transcript is required if you completed college courses while in high school (dual enrollment). An HCC transcript is not required, but you must mention it above. If HCC has already received your transcripts, you do not need to resend them but ensure that your HCC records have your transcripts up-to-date.

ADDITIONAL HEALTH SCIENCES APPLICATIONS
Are you applying to other HCC Health Sciences Programs? <input type="checkbox"/> No <input type="checkbox"/> Yes, I will apply to _____

HEALTH SCIENCES PROGRAMS APPLICATION

Send your proof of attendance to Information Session to Health Sciences Admissions at healthsciences@hccfl.edu

<p>SPECIFIC PROGRAM REQUIREMENT(S) – IMPORTANT – Math and science prerequisites older than seven years before the deadline will expire and must be retaken. If not, the application will be incomplete. Check the HCC Program page for the specific program prerequisites.</p>	
<p>Cardiac Cath: Completion of all prerequisite courses (30 credits). Students must contact (phoier@hccfl.edu) or meet with Mr. Patrick Hoier, Program Manager, before applying to the Program. Minimum prerequisite GPA of 2.8 to be considered for admission. Additional program-required courses are CVT 1001, PHY 1020C, POS 2041 or AMH 2020, humanities general education CORE. The CVT 1001 must be completed before the start of the Program.</p>	
<p>Dental Assisting: English and Math requirements. Students must achieve a minimum in a placement test (SAT, ACT, or PERT scores) or previous college-level coursework. The placement test must have been taken within the last two years. For coursework equivalency, a referral to take a placement test, or to determine test scores cut-offs, the student must contact or meet with an HCC Academic Advisor at the campus of preference. Admission status notification emails might be sent a few weeks after we receive your application. It is highly recommended applicants regularly monitor their HCC Hawkmail. Also, the applicant must be a high school graduate and 18 years before or by the first day of classes. For questions, contact Mr. Ash Dubal, Program Manager, at adubal@hccfl.edu.</p>	
<p>Dental Hygiene: Attendance to a Program Information session is required for admission. Access the HCC Dental Hygiene Program webpage www.hccfl.edu for scheduled session dates and registration. Applicants missing the Information Session will be incomplete for admission. Completion of prerequisite courses (22 credits).</p>	
<p>Diagnostic Medical Sonography: Attendance to a Program Information session is required for admission. Access the HCC Sonography Program webpage www.hccfl.edu for scheduled session dates and registration. Applicants missing the Information Session, prerequisite course other requirements will be incomplete for admission. Completion of prerequisite courses (18 credits).</p>	
<p>Echocardiography: Attendance to a Program Information session is required for admission. Access the HCC Echocardiography Program webpage www.hccfl.edu for scheduled session dates and registration. Applicants missing the Information Session, prerequisite course other requirements will be incomplete for admission. Completion of prerequisite courses (18 credits).</p>	
<p>Nuclear Medicine: Completion of prerequisite courses (22 credits)</p>	
<p>Radiation Therapy: Attendance to a Program Information session is required for admission. Access the HCC Radiation Therapy Program webpage www.hccfl.edu for scheduled session dates and registration. Applicants missing the Information Session, prerequisite courses, or other requirements will be incomplete for admission. Completion of prerequisite courses.</p>	
<p>Radiation Therapy Specialist:</p>	<p>Temporarily Suspended</p>
<p>Radiography: Completion of prerequisite courses (13 credits).</p>	
<p>Respiratory Care or Respiratory Care Transition: A meeting with Mrs. Gina Ricard for a Program Information session is required for admission to the Program. Completion of prerequisite courses (21 credits). A copy of the Florida Respiratory Care Technician is required. Contact Ms. Ricard at gricard@hccfl.edu.</p>	
<p>Surgical Technology: Attendance to a Program Information session is required for admission. Access the HCC Surgical Technology Program webpage www.hccfl.edu for scheduled dates and registration. Applicants missing the Information Session, prerequisite courses, or other requirements will be incomplete. Completion of prerequisite courses (17 credits). Minimum prerequisite GPA of 2.8 to be considered for admission.</p>	

<p>CLINICAL HEALTH REQUIREMENTS</p> <p>Upon acceptance into a limited-access Health Sciences Program, students must complete additional requirements for clinical participation, which involve additional costs. For more information, visit the HCC website, Health Sciences Program Costs page. Some expenses and fees may be subject to changes.</p> <p>Some health requirements are a physical exam certified by a licensed physician, proof of health insurance, a CPR certification (Basic Life Support for Health Care Providers and must follow the AHA guidelines), and up-to-date immunizations. Be aware that HCC does not require the Covid-19 vaccine. However, the vaccine may be required by the hospitals and medical facilities HCC Health Science students are assigned to meet the clinical program requirements.</p> <p>In addition, students will need a background check and drug test, which will have an added cost. Please be advised that certain certifying agencies for health science professions require that individuals disclose their prior criminal history and arrest/conviction records, if any. Students will go through a background check before the Program begins. Some agencies will not permit individuals with prior arrest/conviction records to become certified. Should you have a prior arrest/conviction record, you may wish to contact the certifying agency for your Program of choice to clarify whether your record will affect your certification or licensing eligibility. Some charges that affect admission and clinical participation, but are not limited to, are felony charges, incarceration, pending charges, and disqualifying misdemeanors. For questions about criminal history that could affect admission and clinical participation, please contact the Clinical Liaison Office at clinicaloffice@hccfl.edu.</p> <p>Note that the drug test will be administered unannounced. The drug screening will provide proof that the student is free from the use of any illegal drug and un-prescribed controlled substance. Medical marijuana is NOT permitted. Students taking any prescribed, controlled medication must provide documentation if requested. A student who fails to complete the required drug screening or receives positive results will be dismissed from the Program. If interested, the student is eligible to reapply for the next admission deadline.</p> <p>After admission into the Program, before or by the Program Orientation, you will receive further information about the health documents required for clinical and instructions on completing these requirements.</p>
--

HEALTH SCIENCES PROGRAMS APPLICATION

HEALTH SCIENCES PROGRAMS ORIENTATION

Students will be notified of the scheduled date of the Program Orientation in the admission status notification email. The approximate dates for the orientation are:

- a. Dental Assisting, Dental Hygiene, Echocardiography, Nuclear Medicine, Radiation Therapy, Radiography, Respiratory Care, Sonography, and Surgical Technology Programs – Fall term start – Orientation could be scheduled for the **second or third week of July**.
- b. Cardiac Cath and Surgical Technology – Spring term start – Orientation could be scheduled for the end of October or the first week of November.

Applicants should not make plans that might interfere with their attendance and participation in the Program Orientation. Participation/attendance is MANDATORY. No exceptions are made. Failure to attend the Program Orientation will result in the forfeiture of the seat.

COMMUNICATION

- All communication(s) to and from Health Sciences Admissions will be through **HCC Hawkmail**, not Canvas or personal email.
- **Always include your name and student ID in your emails.**
- It is highly recommended students begin to **regularly check** their HCC Hawkmail after applying. The admission status notification will include time-sensitive information.
- Students who do not respond by the given deadline in the admission notification will jeopardize and forfeit their seat in the Program.
- If you have questions about admissions **BEFORE** the program deadline, you can email Health Sciences Admissions.
- **AFTER a program deadline, inquiries about the status of an application, documents, transcripts, or admission status will NOT be responded.**

PROGRESS OF APPLICATION AND DOCUMENTS

- Evaluation period begins after the program deadline. You should check the Admissions Flyer at the end of the application to understand the admission process.
- When the Health Sciences Admissions team reviews and evaluates students' applications, documents and requirements appear in the student account – look for the Admissions and Registration, Transcripts and Documents section.
- Not all documents/requirements will show as received until our team reviews or evaluates them. Some forms or requirements take more time to review and show a "Not Received" in the status column. Students might receive an *automatic email* about a missing document/requirement that is required "ASAP." *If you know that you sent and finished all the admission requirements, it would be best and help to give time for our team to complete their evaluation.* Some documents will show an "**UNDER REVIEW or an IN PROGRESS**" message below or beside the document description. Documents will remain with a "**Not Received**" status until our team reviews all students' applications. *Once they assess the document/requirement, the document status will be updated.*

REMINDERS:

1. Applications missing requirements or requirements received after the program deadline will not be considered for admission, and the application will be incomplete.
2. **Meeting the minimum requirements does not guarantee admission to a limited access Health Sciences Program.**
3. Applicants **are encouraged, not required**, to submit their Health Sciences Programs application, fee, and ALL official transcripts at least 30 days in advance.
4. Although screening is not the college's responsibility, the Health Sciences Admissions team will attempt to screen applications for deficiencies. However, the attempt to screen the applications is not guaranteed.
 - It is highly recommended you use the application checklist to ensure the completion of all the requirements. The Health Sciences Admissions team suggests students talk with a friend or family member to assist them and review the checklist and the application documents before sending them.
5. Remember to monitor and always use your HCC Hawkmail for all communication about your application(s).
6. For general information or questions about your application **before** the program deadline, contact Health Sciences Admissions. at healthsciences@hccfl.edu.
7. Deadlines are crucial for admission and during your participation in the Program
8. No information about a student's admission status, documents, requirements, or GPA will be provided **after** the deadline.

HEALTH SCIENCES PROGRAMS APPLICATION

ACKNOWLEDGMENT

I certify that all statements in this application are true and accurate to the best of my knowledge. I understand and agree that the responsibility of submission, verification of receipt, and documentation of submission of all forms, applications, fees, transcripts, evaluations, and certifications by the designated deadline is mine. I agree to abide by the rules and regulations of Hillsborough Community College, as published in the Student's Code of Conduct.

I understand that HCC does not require the Covid-19 vaccine for students, faculty, or staff; however, the hospitals or health care facilities I might be assigned to require it from students. Students requesting an exemption to place them in a facility with no vaccine mandates will be considered. Be aware that the facility has no approval guarantees; this is extremely difficult as a Covid vaccine mandate is currently required at most medical facilities and hospitals. HCC Health Sciences Programs' clinical experiences are crucial to progress and completing a Health Sciences Program.

I also understand that the decision to allow entrance into an HCC program is in no way a guarantee of future employment or licensure. Should I have any questions concerning being licensed, I understand it is my responsibility to contact the [licensing board](#).

IF YOU NEED ASSISTANCE OR HAVE QUESTIONS ABOUT YOUR APPLICATION,
CONTACT THE HEALTH SCIENCES ADMISSIONS OFFICE healthsciences@hccfl.edu.

Hillsborough Community College is an equal access/equal opportunity employer that makes employment and education-related decisions without regard to race, color, gender, religion, national origin, age, disability, sexual orientation, marital status, or any other bias that is or may be prohibited by laws. Employees and students who believe they have been a victim of discrimination or sexual harassment should contact Ms. Annazette M. Houston, Chief Diversity Office, District Administrative Offices 39 Columbia Dr., Room 728 Tampa, FL 33606 (813) 253-7043 Email: ahouston14@hccfl.edu.

CRIMINAL HISTORY INFORMED CONSENT

For acceptance into a Health Sciences program at Hillsborough Community College (HCC) and continuing through enrollment and program completion, you must not have been found guilty, regardless of adjudication, of an offense that would disqualify you from employment in health care or a healthcare setting. If you have unresolved offenses or are on probation, you may be ineligible to be placed in a clinical environment. You must meet all placement standards to participate in Health Sciences programs at HCC, which include requirements mandated by affiliation agreements with clinical sites.

You will submit fingerprints and information about yourself, including your Social Security number, for a Level 2 screening ("Consumer Report"). The results of the background screening will be sent to the HCC Health Sciences Admissions Office. Should you require an exemption from disqualification, you can appeal to the HCC Health Sciences Admissions Office. Not all offenses are disqualifying. If your Consumer Report lists a potentially disqualifying offense, the HCC Health Sciences Admissions Office will contact you for additional documentation or a more in-depth review. Your Health Sciences Licensure Board, where applicable, may or may not allow a graduate from a Health Sciences program who has a disqualifying offense, such as an arrest or conviction, to sit for licensure.

I understand that per the Fair Credit Reporting Act and the Federal Trade Commission, the Level 2 background check described in this Disclosure and Release (informed consent form) is considered to be a Consumer Report. To be eligible as an applicant/student to any HCC Health Sciences program or to continue as a student in a Health Sciences program at HCC, I cannot have a criminal history with a conviction of one or more crimes as outlined in Section 435.03, Florida Statutes.

I understand that effective July 1, 2009, pursuant to Section 456.0635, Florida Statutes, health care boards in Florida or the Department of Health will refuse to issue a license, certificate or registration and will refuse to admit a candidate for examination, as outlined in Section 456.0635, Florida Statutes.

I understand that admission into any HCC Health Sciences program on the basis of the Consumer Report is no guarantee I will be eligible for licensure or future employment. I acknowledge it is my responsibility to contact my Health Sciences Licensure Board to determine criteria based on criminal activity included in my Consumer Report.

I understand that this "Informed Consent" form serves as:

1. A clear and conspicuous disclosure by HCC that a Consumer Report, which includes a Level 2 background check, will be completed on me and will be obtained for admissions purposes into any HCC Health Sciences program and that a consumer reporting agency will provide the report to HCC; and
2. An authorization from me for HCC to procure the Consumer Report, and an agreement that I will pay for the Consumer Report.

I understand that information from the Consumer Report for admission purposes into any HCC Health Sciences program will not be used in violation of any applicable federal or state laws or regulations.

I understand that HCC certifies that before taking adverse action in whole or part based on the Consumer Report for admission purposes into any HCC Health Sciences program, it will provide me a:

1. Copy of the Consumer Report; and
2. Copy of my rights, in the format approved by the Federal Trade Commission, which notice shall be supplied to HCC by the consumer reporting agency.

I understand that as an applicant/student, I will be responsible for notifying the HCC Health Sciences Admissions Office at the Dale Mabry Campus within five (5) working days of any arrests and convictions, regardless of adjudication that occur after the application deadline but before the first day of classes. The Chair of the Admissions and Appeals committee will communicate to me whether or not I will remain eligible to enter the Program and will notify the program manager if I am no longer eligible to enter the Program.

I understand that if I am accepted and/or enrolled in any Health Sciences program at HCC and arrested, on or after the first day of class, of any crimes, I must notify my program manager within five (5) working days of the arrest or conviction or any criminal charges pending against me that occur while I am in the Program.

I understand that my failure to notify the appropriate individuals shall be grounds for denial of admission to or permanent dismissal from an HCC Health Sciences program. Further, HCC may require a Consumer Report to be generated on me at any time while I am enrolled in any HCC Health Sciences program, which will be at no cost to me.

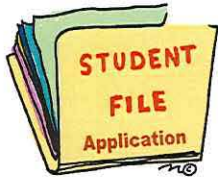

I understand that some clinical affiliates/partners/hospitals/agencies may require that the HCC Health Sciences program share the results of the background check, and I agree that HCC may share my results.

What happens to your Health Sciences application?

x 100's

SEND YOUR APPLICATION VIA EMAIL to healthsciences@hccfl.edu. No drop-off.

Remember to use your HCC Hawkmail. No other email accepted.

Receive and process all applications, payments and documents

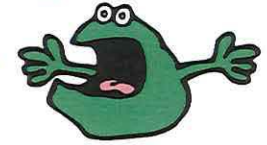

Organize and create Health Science Admissions application record for each applicant to a program and/or programs.

After deadline

Evaluation period begins

WHAT DO I DO NOW?

Give us, Health Sciences Admissions team, time to look through all applicants. Every student is different and there are several programs with the same deadline date.

Evaluation of applications. Students arranged and ranked by their prerequisite GPA, from highest to lowest.

Note this information is kept confidential until we complete our assessment and send the admission status notifications to the students Hawkmail.

No questions, information or details are given about an application, requirement or documents after the deadline. Remember, we are evaluating.

Your WebAdvisor will update you on the documents we have worked on.

Your documents are not showing in your WebAdvisor? **Do not panic.** It means we have not started to process and evaluate your application.

You can see your documents or requirement but some are showing an **ASAP** or **NOT RECEIVED** message in the status column? Check if they have an **UNDER REVIEW** message *beside or under* the document. It means that we started to process your application and documents. **They are in progress.**

Health Sciences Admissions will send the **admission status emails** after the program evaluation period to **ALL applicants**. Be aware the evaluation period is **subject to change** and could be extended depending on the undetermined number of applications received by the deadline.

It is highly recommended you monitor your Hawkmail. Admissions notifications will include time-sensitive information. What happens if you miss it? You will **forfeit the opportunity** of a seat in the program. There are not exceptions.

F.Y.I.

-ALL prerequisite coursework must be completed before or by the program deadline. New prerequisites retakes/expiration policy. Math and sciences prereqs older than seven years before the deadline must be retaken. Check Health Sciences Handbook, pages 13-14, or contact an academic advisor.

-Submit official transcripts from ALL academic institutions attended.

-If you have AP/IB/CLEP/AICE scores, they are considered for admission. Send them before the deadline. Scores or grades listed in a transcript from another academic institution are not official and do not count for admission.

-Cardiac Cath, Dental Hygiene, Echocardiography, Nuclear Medicine, Radiation Therapy, Radiography, Respiratory Care, Sonography, and Surgical Tech students are ranked and selected based on the prerequisites GPA and completion of all the admission requirements by the program deadline.

-Dental Assisting admission is on a first qualified, first served basis. Clinical availability is also considered for admission to the CT Program.

-Overall GPA required to apply and be considered for admission: a minimum of 2.8 is required for MLS, the CT Program requires a minimum of 2.5, and Cardiac Cath, Dental Assisting, Dental Hygiene, Echocardiography, MRI, Nuclear Medicine, Radiation Therapy, Radiography, Respiratory Care, Sonography and Surgical Tech require a minimum of 2.0. Be advised, meeting the minimum requirements do not guarantee admission. Programs are highly competitive. The ones that students are ranked by their prerequisite GPA, the cut-off varies every term. Do your best!

-**Evaluation period:** February 15 = 6 to 8 weeks // January, April, May, June, September June 15 = 5 to 8 weeks after the deadline.

-The evaluation period is subject to change depending on the undetermined number of applications received.

-Admission status notification will ONLY be sent to your HCC HAWKMAIL, not Canvas, nor personal email.

Before sending your application review the application checklist. Get help from a family member or a friend to go through the checklist and ensure you meet all the admission requirements. All specific program requirements and needed documents are listed for your review.

Always use your Hawkmail, your student ID. It helps us at HCC to confirm your identity. Remember to check frequently your Hawkmail until official admission notification is received. Do you have a problem with your student account, your Hawkmail? You should seek assistance and contact HCC Help Desk.

Do you have questions about a document or a requirement? You may email us at healthsciences@hccfl.edu **BEFORE THE PROGRAM DEADLINE**. For further assistance, you can meet with an academic advisor. **Be advised that NO information or details are provided after the deadline date.**
